

January 25, 1932

Dear Miss Osborne:

Thank you for the article on George Schneider as well as the typewritten article. They give me exactly what I want.

We are returning Publication 11 by today's mail.

I am so sorry that your accident of last winter was so serious. I had not grasped that.

I know giving up your library work must be a trial but you have this to console you - you did a great piece of work - founded an institution. Your work will go on and you will always have the gratitude of students.

I hope you are not suffering and not too much shut away from the world.

Faithfully yours

Miss Georgia L. Osborne
