Miss Ida Tarbell

Dear madam: I had hoped to
get a photo of you at Lincoln's Tomb
I thought that the N.Y. Times would use
it and it would all help both the Tomb
and yourself. I want if possible Mr.
Gullikson to photo you at Coltonville
along with Mr. Stevens, Mr. Beatt, Prof. Page
and others. Want you to see Prof. Page
of apartment at history of the Hornet
& Oriskany. also make a picture, if the
weather is favorable, at Black Hawk
statue at Oregon - My wife and son
are at Oriskany and you may meet them.

I am writing to enclose a letter
from my good friend James Hammond
of Iowa -

When you get home I want you
to write me giving a list of the pictures
of Lincoln you will use and I will undertake
to write all about each that is known and
get the best photos of them to reproduce as.
You understand that there is no money charge
for this work, but if there is anything you get
together that you can store at Lincoln's Tomb
for safety, it will be the ideal place - I would
make a fitting place for the original manuscript.
Just the loan of course yours. H.W.Fay.
