Mr. Henry Philip Lincoln,
Grampian Boulevard,
Williamsport, Pa.

My dear Mr. Lincoln:

Thank you very much for your
courtesy in replying so promptly to my letter of the 12th inst.

When Mr. Waldo Lincoln gave me your name, he suggested
that I write to Mr. Richard Lincoln at Mifflinsburg; and this I
have already done. I will follow up the letter at once, and I
am grateful to you for your kindness in sending my letter to him.

Have you in your possession any information on your
family outside of this particular letter? If so, I should be glad
to have it. I have been for the first time making a rather care-
ful study of the Lincolns from their arrival in this country down
to Abraham Lincoln, and I am trying to tell something of the lives
and activities of those in the direct line, from Samuel down to
Abraham. Any help that you can give me I shall thoroughly appreciate.

Very sincerely yours,
