TUCSON
Sunshine-Climate Club
ARIZONA

July 2, 1934

Dear, dear Miss Tarbell:

How wonderful of you to write me such a marvelous letter for the Sunshine-Climate Club brochure! I am thrilling over it and the Club is simply overjoyed to have such an expression from you. It will help Tucson and besides it is going to make my work a complete and glorious success. I am so proud you wrote me as you did and the letter about Tucson is perfect. How gracious you are, dear Miss Tarbell, and I wish I could tell you in words how much your kindness has meant to me. Perhaps I shall be able to repay you when you come back to Tucson. You must come this winter and see how utterly charming everything is now that the burden of the depression has to some extent passed. If you love the desert so I am going to send you some lovely desert pictures and how you will enjoy them!

Of course I wrote in my letter I wanted a photograph of you to accompany your letter and the little sketch I shall write about you to preface the letter. Please send me a photograph, the one that you like best, and have it on glossy paper if possible. If there is any expense attached to it, please let me know and I shall be so happy to cover it. I hope you have a picture you can send without going to any trouble, but the pictures are going to add the finishing touch to all of it. I am sending this air mail special delivery so there may be no undue delay.

Mr. Albert Steinfeld read your letter and he thought it was simply wonderful of you and so generous to write as you did. We are all so gratified and so appreciative of your graciousness.

I hope all is well with you, and I long to meet you. Until then I like to sign myself as YOUR FRIEND, TOO-SAHN "I live on—in Tucson"

Mary Stoughton
