Miss Ida M. Tarbell
120 East 19 Street
New York N. Y.

Dear Miss Tarbell:-

While working in the Library I ran across a group of "Populist Poems" by one H. F. Johnson in a collection entitled "Poems of Idaho." I am herewith enclosing a list of the titles of these poems which may suffice to give you a general idea as to their content. If you care to have copies of any or all of these for possible use in the forthcoming volume please let me know and I shall copy the poems and mail them to you at once. I think the one on the "Tongue Millkin" is especially appropriate since it portrays the anti-monopoly spirit of the West and also carries an appeal for membership in the "Alliance."

I hope that this torrid July weather is finding you in the best of health. Looking forward to the time when I shall again be privileged to help you further on your work,
I am,

Sincerely yours,
Walter C. Langsam
