Mr. T. A. Burke,
Lyceum & Chautauqua Association,
2443 Prospect Avenue,
Cleveland, O.

Dear Mr. Burke:

I sent you the photographs. I hope you will like them. At any rate they are an improvement on what you have been using.

Now, as to my dates. As I understand it, you want me for two weeks - March 10 to 22 - in Mr. Neilson's territory, also in that of Mr. Turner and Mr. Bridges, and will guarantee me ten days in the period. All right. I will keep that time for you.

Miss Barnette and Mr. Wickes are to take the time from the 11th to the 23rd of February and will deal direct with me.

As to my subjects.

- 1) Abraham Lincoln's Political Development -
Lessons for the Times
- 2) Woman's Possible Contribution to a Finer Public Life
- 3) *Present* Recent Tendencies in Industrial Relations.

Last year I heard complaints at several points about the advertising material sent out for my lecture. What have you? What do you think about getting out a new circular? If you will let me see what you have been sending out, possibly I could work out something that would be more satisfactory.

Very truly yours,
