Dear Mr. Beazell:

Some time ago, last March I see by my letter to you, I sent you a copy of the Hauser pamphlet on the books that Lincoln read. I would like to get hold of it if it will not inconvenience you. It is a later edition than the one I have. Will you not be good enough then to mail it to me, and if later you are still interested in the effort to get hold of some of these early books and would like the pamphlet back I shall be glad to send it to you.

I am hoping that you and Isabel can get around to the Allegheny tea on the ninth.

Faithfully yours
