

December 7, 1935

Dear Mr. Hirschmann;

I have your letter of December fifth asking if you may list me as a member of the Advisory Committee of the Faculty and Trustees of the University in Exile. I appreciate this honor but I am so situated that I shall have no time to serve on the committee. It should be a working committee as I see it, not merely a list of names. However, if what you are seeking is merely a list of those who are heartily in sympathy with the University in Exile the principles of academic freedom and toleration which it supports I should only be too proud to be listed.

Very truly yours

MR. L. A. HIRSCHMANN
