Dear Edna Yost:

How good of you to write me this long report on the Allegheny tea! It sounds like a great success, and I can see that it is you and Dr. Krech, particularly you, who put it through. I am so sorry I missed all these interesting people. It makes me more and more convinced that this tea idea is the best thing for us and that the Association ought to try for at least two a year. We will have a talk about it as soon as I get back.

I am having a wonderful time, of course -- better than spoiled, doing almost nothing but lying around enjoying nice people and this marvelous air.

I am glad you have clean curtains to look at in my windows. They were shocking when I left. We ought to have some kind of system of communication between our windows. I don't believe I know yours.

As to the deficit, we will talk about that when I get back and I will try to help a little to make it up. I meant to send something before I left and forgot it.

Love to you,
