General John McA. Palmer,  
Washington, D.C.

My dear General Palmer:

Thank you heartily for your interesting letter of May 14, with the copy of Gen. Pershing's speech of February 12, 1922.

I do not see why I should not quote from both of you! Really, I should prefer you, as you were the one that found the passages for him.

I am much interested in what you say about Clausewitz. I have never read him. I am going to do it, and to make sure, if possible whether Mr. Lincoln ever read him. I am certain that he did.

Be sure I shall be glad to know if you run down anything, and I will promptly give you whatever I find.

With kindest regards to Mrs. Palmer, believe me

Faithfully yours,
