Dear Miss Bache:

Pardon my delay in answering your letter of the 14th - I have been very busy, but should have reported before. Mrs. Maloney will use the "Love Thy Neighbor" article, but Mr. Reynolds, my agent, has not yet had an answer from Liberty.

As to the editorial you would like for the Parent Magazine, How long in words should it be and when must they have a copy? I have promised to go to Bridgeport for their Rally on October 10th and make a little speech - Bridgeport being my neighbor in Connecticut. I might fix up something which I could use for them and the Parent Magazine, but it depends upon when they must have their copy and how many words.

Please tell Mr. Burns that I am making him a deep bow for his flattering compliment, but tell him, too, that nobody knows as well as I do that it "ain't" so and that he wants to watch out how he counts on it.

I suspect you are all killing yourself up there and you have my honest sympathy up to the time that it is all over and you can rest.

Very sincerely
