Dr. Albert Britt
Knox College
Galesburg, Ill.

Dear Dr. Britt:

I am horrified at my neglect. Here this photograph of Old Main has been standing on my desk all these weeks since you sent it and I have never thanked you.

It's a beautiful picture and I am going to have it framed for the Lincoln collection I am getting ready for Allegheny. There is one building out there that I am as proud of as you at Knox are of Old Main. Abraham Lincoln never spoke there, though it seems to be pretty sure that George Washington once camped near, if not on the spot.

I hope everything is going brilliantly at Knox, and that you and Mrs. Britt are not too tired out with the work. A happy summer to you both.

Sincerely yours
