L. J. Weichmann, Esq.,
Anderson, Ind.

My dear Sir:

Yours of the 14th inst. came to hand this morning.

In the investigation of the assassination of President Lincoln, there was never developed or discovered any testimony to support the assertion which you say is contained in this article for Mc Clure's Magazine, viz. that before Booth went into the President's box on the night of the 14th of April, he handed his card to an attendant of the President who was sitting there.

I fancy there will be no objection to your using my letter of 1892, but before assenting thereto would like to see the chapter containing the same.

Very truly yours,

(signed) Henry L. Burnett.
