Dear Sir:

McClures Magazine

I enclose herewith a type-written copy of an autograph letter written to D D Dickinson by Daniel Webster. as your paper has published so many biographical researches of Napoleon, Lincoln &c I thought that perhaps you might wish to purchase ~~it for~~ the original (which is in very fine condition) for publication, if you were contemplating publishing any paper of Webster, as I found the letter in an old trunk a few months since I feel perfectly safe to say that it has never been copied or published, in fact I have shown it to not more than twenty persons

Yours respectfully,

Wilkin Walker

Please return copy
after perusal
