My dear Mr. Thuener:

Thank you for your kindness in sending me the list of photographs of which I asked when I was at Schenectady.

These pictures will be passed on to my editor when my copy is ready and if you wish returned to you.

It is good of you to say that you will furnish other pictures and information if I so desire. I probably later shall be coming back to you when I am a little more certain about just what we shall need.

Thanking you for your kind and prompt attention to my request, believe me

Very truly yours

for
