My Dear Dear "Maie" :-

Sara has just come back
from Tennessee and tells me you
are in the hospital. I cried
when I heard of it and felt like
crying whenever I think of it.
That you ever have done so
much for those of your family
who needed you should be
paid for, is to be said. Sara
had a feeling you were
trying to back up and go
back to your post beside
your sister. - Don't do it -
Dear, Take care of yourself.

I wish you'd go to Clifton Springs
for a few months. They would
give you excellent treatment -
not - broken you too much and
it is a empty place, particularly
after the summer end. ()
You know I have always thought
that if I were alone I should
I had the money I would
go there to finish my life.
The village is pleasant
and you and Eva might
find a cottage if you were
well enough to be cut of
the sun. Do think of it.

I am doing pretty well
even here in N. Y. in this
fiendish weather. I go
back & forth to farm and that -

keeps me going when time the
my circle of something green
makes me cry.

Do you read? 2/20
have you made the acquaint-
ance of Kai Iway or read
Bimbi? I'd like to send
you something new to you.
I never see it "The
book" - did you ever see
African? If not let me
get that. It is one of
the funniest things in
the world.

If you are well
