

After Spanish War - IV

The end of the war was a complete mystery -
we knew that 200,000 tails for that we knew left -
Tasted public opinion - & how could we ~~control~~
keep that inside. Also - Be a more intelligent
part of things. After the war - Situation - Service -
the ~~market~~ ~~business~~ ~~policy~~ had changed in -
But then we saw the situation - the political &
industrial world - Unstable - That was the
problem was the war on one - Trade - the
German law had not ended since any more
than the C. C. C. had ended state - It was
things related - The early state had made
the kind of an agency - Market history -
