

New Gymnasium for Allegheny is Assured

Student Body Pledges to Raise \$10,000 for Building Fund

Student Senate Successfully Promotes Three-Day Campaign—Subscriptions Go Over the Top.

One of the most material expressions of Allegheny spirit in recent years manifested itself during the three-day campaign last week, when the students pledged to raise or give ten thousand, three hundred and eighty-one dollars to the new gymnasium.

The campaign was under the supervision of the Student Senate. Mr. George F. Meredith, '20, President of the Senate, perfected the organization which was directly responsible for the success of the campaign. A working committee consisting of two members from each fraternity and two non-fraternity representatives was appointed with the President of the Senate as chairman. At a dinner held in Cochran Hall, the campaign was discussed and the method of procedure perfected to insure the success of the campaign. The General Committee included Meredith, '20; Chairman; C. C. Laffer, '20; Kinnear, '20; Russell, '21; Dunn, '20; Pierson, '20; Preston, '20; Kerr, '20; Goslin, '20; Hartman, '21; McMurren, '20; Benson, '20; Bernard, '20, and McEntarfer, '20.

In an attempt to make the campaign the personal interest of each student of Allegheny, every student was approached and given the opportunity to assist in this worthy endeavor. While the campaign was finally put across, it was not entirely representative of the efforts of the entire student body. To those who have not as yet filled out and signed a pledge card, pledge cards are available at the Student Senate rooms, in the Library or can be had on application to the members of the Campaign Committee.

The first day of the campaign Wednesday was initiated by fitting exercises in the chapel, conducted by the

chairman. Short talks were made by President Crawford, Coach Hammett, Susan Jenkins, '20, President of the Women's Senate, who voiced the sentiment of the women of the college, and Mr. Meredith. The efforts of the first day's campaigning brought us half way towards our goal—three thousand, seven hundred and twenty-five dollars being pledged. The campaign instituted last spring and continued during the summer vacation netted one thousand eight hundred and eighty-one dollars, thus bringing the total to five thousand, six hundred and six dollars. The returns fell back slightly the second day with only seventeen hundred dollars pledged. Friday, the last day, saw the campaign go over the top when pledges poured in raising our total subscription to ten thousand, three hundred and eighty-one dollars, truly a remarkable expression of Allegheny spirit.

History of the Project.

In the spring of last year plans were put on foot by Mr. A. W. Thompson, '98, President of the Board of Trustees, to provide for adequate and much needed gymnasium facilities. The present gymnasium is deficient in size, equipment, general condition and appearance, and lacks proper sanitary and bathing facilities; in fact the gymnasium represents the most unsatisfactory part of the college. The plans prepared provide for the remodeling of the present gymnasium in such a way as to provide for the necessary improvements at a minimum cost. The estimated cost of this work is \$40,000.

Of this sum, \$40,000, President Thompson has secured \$20,000, President Crawford, \$10,000, and it now remains for the students to corral the other \$10,000.

and down stairs may be eliminated. New rooms were fitted up to accommodate the large number of new girls. Both trunk rooms have been turned into bed-rooms and several alterations were made on the second floor so that room could be made for more girls. The Y. W. C. A. lounge and meeting rooms were divided into five parts which furnish room for fourteen girls. These arrangements are, of course, only temporary until the new annex is finished. Then the Y. W. C. A. will again have its rooms.

The work did not stop on the interior of the building. The exterior has been much improved by painting the frame work and fire escapes.

There are still some few things lacking to make the hall complete, but a few days will see these supplied and Hulings again in its normal condition.

CALENDAR

In order to make the College calendar efficient, cooperation is necessary. The calendar should include everything pertaining to college life in general. The organization leaders and presidents will greatly facilitate matters if they will place notices or announcements of meetings, etc., in the box in the main hall of Bentley or give them to a member of the Campus Staff before 9:30 Saturday morning.

ANNUAL POSTER SCRAP WON BY SOPHOMORES

SOPHOMORE ACCOUNT

Allegheny experienced one of the most thrilling Poster Scraps ever enacted in the thrilldoms of our college. Once again the Sophomores waded to victory through the blood of the vanquished foe. The Frosh were completely cowed and recognized in the Sophs their superiors and leaders. At the beginning of each year the Frosh must undergo insulting and humiliating treatment, not that we don't like them, but they must learn their places and act accordingly.

As dusk was falling, on the evening of September 24, Cochran Hall was besieged by a wild mass of Sophs, thirsting for the blood of the lowly, insignificant Freshmen. Quickly windows were closed, and shades drawn, but not before they were greeted with a hail of wicked looking missiles. There were cowardly tomatoes, the kind that hit you and run, peaches, apples, etc. These were received by the Frosh in wild disgust; but all were too afraid to venture forth to wreak vengeance. After the first attack the lights were extinguished and the Frosh were left in darkness. We all know that this act was welcomed as it hid the mark of frightfulness so well defined on their tired faces. As the evening wore on the Sophs retired to give the Frosh a chance to refresh themselves for the gruelling battle.

Twelve o'clock, midnight—The battle is on. The Frosh leave Cochran with unsteady step while the Sophs are waiting in ambush near their poster, growling and snapping like a pack of wolves, ready, in the twinkling of an eye to pounce upon their prey. On came the Frosh with a searchlight. Can you imagine it? coming out to fight with a light, but never mind they saw many stars before morning. The Sophs grew restless, their prey was in sight and, when they could hold in no longer they burst forth on the prey, defending their poster in an offensive battle. Screams, curses, and snarls rent the air. Men were rolling in all directions, while spectators cheered on the side lines. It was a hard fought battle, but never in the course of it was the poster in danger. The Sophs showed their superiority right there. They were less in number, but mightier in force. When the whistle blew at the end of the fighting period all action ceased and cheers rent the air for another Sophomore victory.

FRESHMAN ACCOUNT

We may be Freshmen, young and green in Father Allegheny's eye, but nevertheless the Sophomores have got to acknowledge that our fighting qualities are not as green as most of them thought before we tackled them.

The skirmish started about half past eight when the Sophs began a small bombardment of green tomatoes, meant, we suppose, to get on our nerves, but which only resulted in increasing our eagerness to get at them. Evidently not satisfied with throwing tomatoes, especially when Freshmen returned them with much more accurate aim, they found amuse-

Y. M. AND Y. W. HOLD ANNUAL RECEPTION

On Friday of last week the first College social event of the year, the annual Y. M. C. A. reception was held in the gymnasium. Several hundred students and faculty were present, and spent an entertaining evening getting acquainted. A novel method of entertainment was provided: Each person was given a triangular tag to wear, on which were two words. The last was the name of a "family," as basket, clock, flower, sick, etc. The first word was the name of a member of that family, and partners were chosen who had the same family name but opposite first names. Then these families, after getting acquainted, each presented to an admiring audience an original rhyme poem from the center of the gym. Music was rendered by the College Glee Club and a string orchestra. After the announcement that the next day was to be "Hello Day" on the campus, the reception adjourned as a glorious success.

TWO SENIORS ELECTED TO PHI BETA KAPPA

MISS SUSAN JENKINS AND GILES BOLLINGER HONORED BY FACULTY.

At a special meeting of the Faculty Saturday afternoon, Giles M. Bollinger and Miss Susan Marie Jenkins, '20, were elected to membership in the Phi Beta Kappa honorary fraternity. This action was taken in accordance with a ruling adopted in 1914 by which a certain percentage of the members of the Senior class may be elected to the fraternity at the beginning of their Senior year.

The ruling reads in the constitution of the fraternity: "The executive committee may elect at the beginning of the Senior year not to exceed one fourth of the total number to be elected from the men's list and one fourth to be elected from the women's list, providing that the average grade of the candidate up to this time shall be 'A.' Such election shall be announced during the second week of the fall term.

Phi Beta Kappa is an honorary national fraternity, the membership being based on scholarship. The choice of Mr. Bollinger and Miss Jenkins establish them as the two students with the highest scholastic standing in the Senior class at the present time.

WHAT OUR NEW GYM WILL INCLUDE

The plans for the New Gymnasium include a white tile swimming pool of regulation size, a recreation floor, a basketball floor 80x60 and a seating capacity of 800, modern locker rooms, shower baths, drying rooms, a first aid room, and modern apparatus and equipment. If you want to see this become a reality back up your pledge. You made an honor pledge—you must stand behind it and put it across.

SEVERAL NEW COURSES OFFERED THIS YEAR

Minor Changes Also Made on Certain Courses Scheduled in the College Catalog.

A noticeable number of new courses are being offered this year in several of the departments, a number of them not being scheduled in the college catalog.

A course in Social Service will be given by Doctor Coburn, Professor of English Bible and Philosophy of Religion. The course is open to any one in college, but preferably juniors and seniors.

Appreciation of Art will be under the direction of Doctor Elliott, Professor of Greek Language and Literature.

Sociology or Economics V. will be given on Mondays, Wednesdays and Fridays at Ruter 5 at eleven-thirty.

A few changes in several courses which have been offered previously are as follows:

Public Speaking IV. which is regularly given the first semester has been dropped and will be given next semester.

Economics III. has recently been changed to a three-hour course instead of a two-hour course as scheduled in the college catalog.

Astronomy I, Physics, and Physics IV. are to be given at hours to be arranged.

DOCTOR MOLFINGER VICTIM OF AN AUTOMOBILE ACCIDENT

Former Allegheny Professor Meets With the Misfortune of Having Both Legs broken.

Doctor Mulfinger who for thirteen years was Professor of German Language and Literature at Allegheny College, had the misfortune this summer to figure in an automobile accident, with the result that he had both legs broken and sustained minor injuries. Fortunately, he is well again, and on the road to recovery.

Doctor Mulfinger resigned his position at Allegheny in the spring of 1918. After leaving this institution he resumed teaching in the Chicago High Schools where he taught English.

ALL PREVIOUS ENROLLMENT RECORDS ARE BROKEN

Latest Figures from Registrar Show 504 Undergraduate Students

At the opening of the new college year Allegheny finds herself one step higher in the ranks of the moderate sized colleges of her class and one step nearer to a position among the big schools of the country.

Last year it was thought that a record enrollment was made when 90 more regular students registered than in 1917. With an enrollment of 446 the college was running nearly to capacity. This year there are 506 students in school; every branch of study is running at capacity and the trustees are making every effort to increase their facilities for handling the situation.

Due to the fact that many old men have returned from the service, the three upper classes have felt the increase in nearly the same proportions as in the Freshman class. There are 81 Seniors enrolled, showing an increase of 14 over 1917. The Juniors have jumped from 62 to 87 and the Sophomores lead them all with an increase of 55 over last year, making their number 164.

The following is a list of the men who have returned to school from service, together with those who have returned to take their places after an absence of a year or so.

Service overseas—W. D. Barcus, J. F. Bernard, H. E. Coulsan, I. K. Davis, J. W. Harbaugh, G. E. Hirst, J. E. Isherwood, G. H. Lawhead, H. B. Patterson, C. E. Piper, F. L. Pond, Ronald Reamer, D. S. Robinson, H. J. Ruse, W. E. Severn, F. B. Trace, R. H. Ware, G. L. Withey and K. M. Woodard.

Service—C. M. Jelbart, G. A. McKinley, H. H. Monroe, R. J. Nickerson, F. M. Parrish, Stanley Plumb, D. M. Stephens and R. A. Tennes.

Others returning—R. F. Brownell, A. L. Collins, Helen Eiler, Amanda Hoover, C. F. Richmond, Hazel Robrecht, C. W. Skinner and Marie Wise.

The demobilization of the army explains a large percentage of the increase in the upper classes but we must go elsewhere for an excuse for a class of 168 Freshmen. It is found, no doubt, in the great movement which is sweeping over the country for men and women with higher educations. The army brought out the superiority of the college man and, as a result, we have a record-breaking class entering school and many have been turned away because they could not be handled.

The following list gives the names of all those entering as Freshmen, those entering with advanced standing, old S. A. T. C. men who are matriculating again as frosh, and the Specials. New students should feel perfectly at liberty to under-score their names and send the Campus home as it has always been done and probably always will be.

Y. M. C. A. TO OFFER ENTERTAINMENT SERIES

The Y. M. C. A. has been very fortunate this year in booking an entertainment series composed of talent of the very highest class. The project was put before the student body last Wednesday at Chapel for their approval and received their hearty support. Enough pledges to take tickets were signed to more than cover the cost of the series. It is hoped that the course this year will prove such a success that one will be assured for next year.

The series will open on Friday, October 17th, with Strickland W. Gilliland, the well-known humorist. Mr. Gilliland has pleased millions of people with his humorous lecture, "Sunshine and Awkwardness," followed by monologues, poems and stories. He is the author of, "Off Again, On Again, Finnigan." John Harbaugh remarked the other day that he would pay \$10.00 per hour to hear him so we may be sure that there is a treat awaiting us.

The Welsh Glee Quartette has been scheduled for October 31st and will entertain with operatic episodes, and chorals as only a Welsh Male character songs, oratorio selections Quartette can. The personnel of the quartette have made singing their profession and as soloists have appeared successfully both here and abroad. Their ensemble work in harmony and interpretation has been greatly appreciated.

On Saturday, December 13, Gay Zenola MacLaren will present her imitative recital of famous plays. Miss MacLaren is a dramatic reader of note and too much cannot be said for her genius in this art. The spring numbers include Miss Clarissa Harrold and Prof. Montraville Wood. Miss Harrold will appear Saturday, April 17, in presentation of dramatic readings and interpreting plays. Like Miss MacLaren her success in the profession has been phenomenal and worthy of highest commendation. Professor Wood has been scheduled for May 1st, presenting a novel exhibition with the ultra-violet ray; the wrestling gyroscope, and the monorail-car. An important feature of the ultra-violet ray is the writing on the wall in letters of fire which remain for twenty minutes thereafter before the audience. The wrestling gyroscope which is twenty-four inches in diameter and weighing twenty-eight pounds is capable of throwing a two-hundred-pound man. Gyroscopes are now being used extensively in mail airplanes as a stabilizing appliance. This entertainment, while of a novelty character and very unique, is of immense practical value to all students. It affords an opportunity of seeing a wizard of science and his discoveries both electrical and mechanical.

Tickets for the course are now on sale at all the fraternities and at both Hulings and Cochran Halls.

THE CAMPUS A COLLEGE PAPER

The Campus is a College Publication edited by representatives of the student body of Allegheny College, and devoted to the interests of the college and its community. The Campus belongs to the College but unless it performs a certain definite and necessary function it becomes a useless adjunct in college life. The only function of such a publication that can command respect is to act as the voice of the Student Body—the voice of the entire student body and not of any party or group within the College. The Campus this year aims to fulfill the proper function of a college paper.

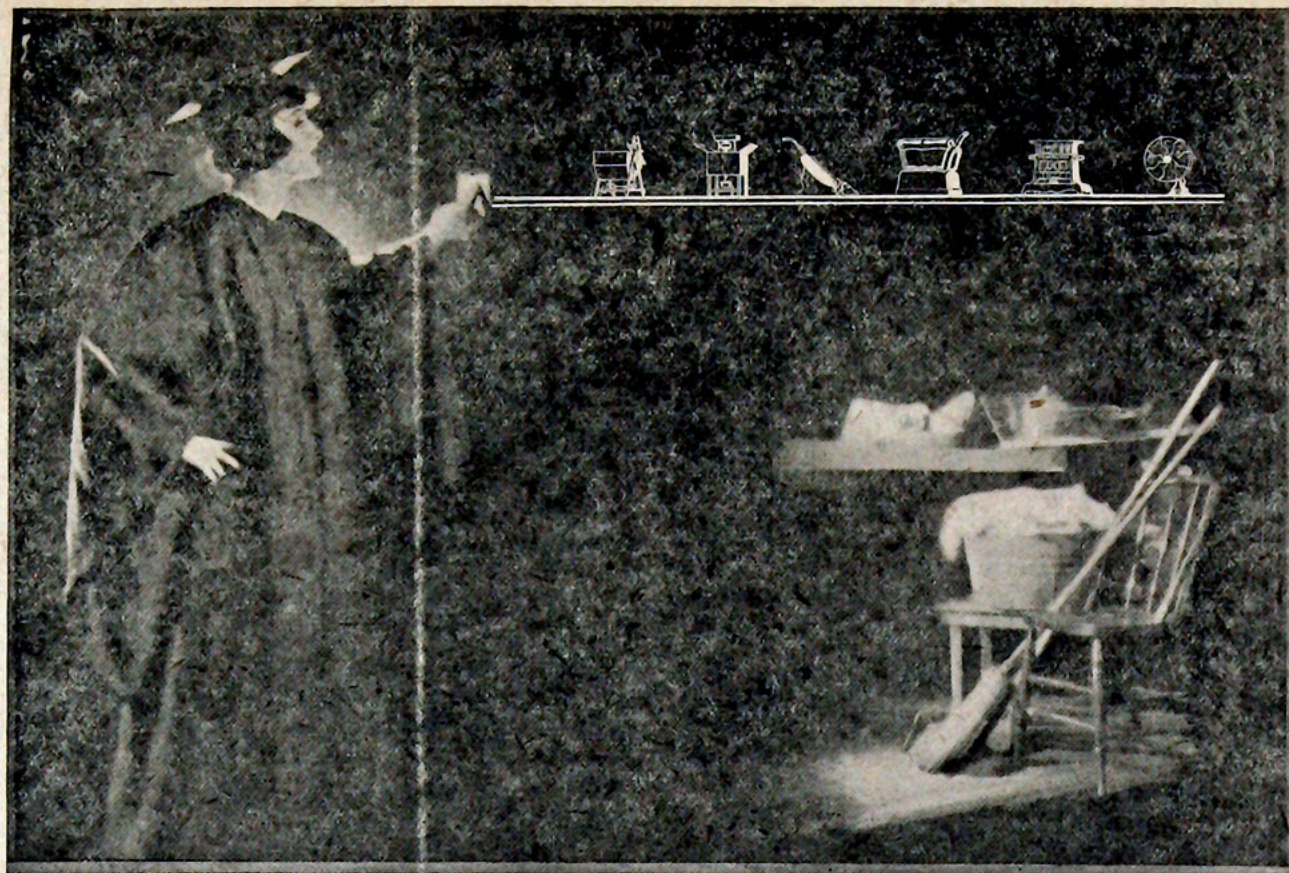

ADVICE TO FRESHMEN

One of the fundamentals for making the most of your college days is the necessity of a successful and advantageous beginning. When one starts out to learn at a trade, we will say salesmanship for example, the first thing the recruit does is to study up the rules of the game, learn all the fine points, and particularly to listen to the advice and suggestions of those who have been through the elementary stages and have been successful in their efforts.

The college deemed it necessary to introduce the adviser system, whereby each student on entering chooses some member of the faculty, who serves throughout the Freshman year as a special counsellor in regards to scholastic matters. On all other matters of college life, each student can best determine his or her fate; we suggest the application of the afore mentioned principles; read up the Freshman rules laid down by the Student Senate and keep them in mind; wilful violations of these cardinal points will not enhance your standing, but rather will incur the wrath of the Sophomore class and the contempt of the upper classmen. Familiarize yourself with the college traditions as laid down in the Y. M. C. A. and Y. W. C. A. Bible. Learn the college songs and yells, and be on hand to cheer the 'varsity teams to victory. When an offer of advice is given by an upper classman, do not scoff at his suggestion, but consider that he has been through the mill and knows what he is talking about. Finally, remember that a four year loaf does not necessarily make you college bred, so make up your mind to enter in the competition for the various college activities, dramatics, athletics, musical clubs, debating, oratorical contests and the college publications.

They are here again! Every year Allegheny is invaded by a new class of thirsters after knowledge. Last year and this they have come in numbers greater than ever before. Last year we blamed it on the S. A. T. C. but now that there is as large an enrollment again we know that the old times when all the Freshmen would be confined in Cochran Hall and Arter House are past. Keeping rooms for college students is becoming a promising and prevalent occupation.

Yes, its Freshmen we are talking

The Passing of Cinderella

THE quaint little childhood tale of the poor kitchen maid is not so far removed from recent reality.

For we all recall the staggering piles of dishes, the dust-strewn floor, the tubs of clothes, the treadmill task at the sewing machines! Yes, Cinderella-like was the housework of yesterday.

And now, the girl of 1920 looks to electricity—most tractable of hand-maidens—as the fairy prince who makes life easier and fuller.

Just a push of the button—and tiny electric motors sweep, wash dishes or clothes; clean, scour and polish; make ice or ice cream, run the sewing machine and play the piano or phonograph.

While the motors do the work, other electric appliances are distributed about the house to make good living more convenient. Electric cooking utensils, hair driers, cigar lighters, burglar alarms, door bells, and furnace regulators, are now operated by the magic wand of electric power.

The development of the miniature motors for the kitchen and electrical devices was made possible by the rapid progress in experience gained by the General Electric Company's Engineers, whose efforts in the application of electricity for every sort of industrial endeavor during the past quarter century have brought freedom from the drudgery of other days.

about. However, the remarks about the increase in their numbers apply only to the men of the class. It is a significant fact that many young ladies in pursuit of higher education have been turned away from the doors of Allegheny; through what it signifies we do not exactly know, unless it is that Hulings has been outgrown. For this dilemma we offer no solution, it being heresy to mention sorority houses at Allegheny.

ALUMNI NOTES

Raymond Cox and Leland Scott, '16, since leaving the army are making good progress selling stocks and bonds.

Football Material Makes Outlook Promising--Hammett**RETURN OF 13 LETTER MEN
ASSURES GRIDIRON SUCCESS****Daily Scrimmages Satisfactory--Coaches Pleased
With Showing of New Candidates.**

Every football fan in Allegheny College has been waiting with intense interest the developments which may arise out of the sharp competition for places on this year's Gold and Blue football team. It is no secret that Coach Hammett has at his disposal the material to produce one of the best eleven ever credited to Allegheny. Since the first day of school Coach Hammett and Assistant Coach Barnes have been laboring with the candidates for the team, and to date they are satisfied with the showing.

As a nucleus around which to build a team, the coaches have seven letter men from last year's S. A. T. C. team and six other letter men from recent years who have returned to school. The veterans of last year are ex-Captain "Snivvy" Kerr, '20, a quarterback with unusual ability as a field general and a punter; Baldwin, '21, who distinguished himself last year as a scrappy end; Kramer, '21, guard; Murphy, '22, tackle; Kamerer, '22, Mansfield, '22 and Secor, '22, all halfbacks on last year's team. The last four named were Freshmen only last year, and their work this year can plainly be seen to be the result of a year's development. The older letter men who have returned to school are Trace, ex-'16, a halfback on the 1914 team, who finishes this year; Harbaugh, ex-'19, center, who was captain-elect of the 1918 team; Coulsan, the mainstay of the right side of the line for two years before he entered the army in 1917; Scannell, '20, end; Cunningham, ex-'20, fullback; and Preston, '20, halfback. All these former letter men are Seniors except Cunningham, and have all had from one to three years' varsity experience with Allegheny's football teams.

Not only does Coach Hammett have these thirteen letter men from which to build a team, but also there are five men who have heretofore made A 2nd's and are working hard for positions—Kinnear, '20, halfback; Jones, '22, guard; Judd, '20, tackle; Speakman, '22, fullback; and Barcus, '20, quarterback. Of the men who have never made Gold A's or A 2nd's, Coach Hammett has been well pleased with the showing of Frazier, '22; Dundon, '22; Mees, '22; J. Russell, '22; R. Russell, '23; and Doing, '22.

There are about thirty-seven candidates at present practicing daily on Montgomery Field, and there are about fourteen more waiting for suits. The first few days of practice were spent in limbering up and learning signals. For about a week light scrimmages have been held and the bad points weeded out by the coaches. Harbaugh, '20, the new captain of the team, is back at his old place at center, and his ability and proficiency in all departments is being demonstrated once more. It surely will be a grand sight to see the mighty conqueror of Bob Peck in action in the football scraps this year. For the present, Jones, '22, and Kramer, '21, are playing the guard positions on the first team. Jones is rather light for the line, but his work sure makes the coach smile. At present also it looks as if Cheerleader Rowley will once again be leading cheers of "Yea, Atlas," for the creditable showing of Kramer, '21, almost assures him of a guard position. Dan Murphy, '22, has been shifted to left tackle position, and has started well. Coulsan, '20, the 203-pound veteran tackle, is temporarily out of the game on account of an injury, and his place on the first team has been filled satisfactorily by Frazier, '22, Judd, '20, and Meese, '22. For the end positions, Allegheny has two letter men competing. Baldwin, '21, has been playing left end, and Scannell, '20, right end. Jack has been in a suit only a week, but is playing up to his old form on right end. Two Freshmen, R. Russell and Miller, are very promising in the eyes of the coach. Miller is a punter of exceptional ability. Mountsier and Gates, both Freshmen, are also trying for end positions.

For the backfield positions, there is a wealth of material. There are seven letter men trying out for posi-

tions behind the line. For the quarterback job, N. W. Kerr, '20, is slated as the most likely candidate. Snivvy has held down this position for two years and has been doing the kicking for the team. Secor, '22, is another letter man who is being tried out at quarter. Barcus, '20, and J. Russell, '21, look promising also for the key position. The only problem of the backfield is to find the best combination. For the present the heaviest and best combination is Cunningham at full, and Preston and Kinnear at the halves. But this is not at all final, and at times during signal and scrimmage practice Plumb, Kamerer, Mansfield, Trace, and Doing have been shifted around in different back positions. There is also a Freshman, A. F. Miller, trying out for fullback.

Of the new men who are practicing, Boynton, '23, Gordon, '22, Loomis, '23, Estep, '23, Terrill, '22, Wills, '23, Anderson, '23, Kunselman, '23, Ritchie, '22, and Larson, '23, are making a good showing.

As has been stated before, the coaches are confident over the general satisfactory showing of the squad. Good spirit and better teamwork are all that are required to put Allegheny on the map this year in Western Pennsylvania intercollegiate football. The number of experienced men on the squad coupled with the heavy competition for places which is now taking place should make every friend of the Gold and Blue proud of their team. Let every fan give the team their undivided support and it will only be a matter of consequence that Allegheny will once more enjoy the fruits of a brilliantly successful season on the gridiron.

**GOLD "A" MEN ELECT
HARBAUGH CAPTAIN**

Owing to the vacancy in the captaincy of the football team by the entrance of Earl W. Homan, ex-'21, captain-elect for this year's team, into the University of Illinois, an election was held last week by the fourteen letter men in school and they unanimously chose John W. Harbaugh, '20, as captain.

John Harbaugh entered Allegheny College in the fall of '15 from the Edinboro State Normal School, where he had been prominent in athletic and literary circles. His Freshman year here he won a place as center on the varsity football team and held it also his Sophomore year. It was this year that after the Pitt-Allegheny game, Pittsburgh sporting editors announced that Harbaugh had shown himself at the least an equal of the redoubtable Bob Peck, the veteran center and captain of the Pitt team, and Walter Camp's All-American center of the year before. Peck himself admitted that our big "Harpoon" was the hardest man he had ever played against in his two seasons at Pitt.

Such a reputation led to the unanimous choice of Harbaugh to be captain of the 1917-1918 team, but in the spring of 1917 he left school among the first fifteen who enlisted in the Lakeside Hospital (Cleveland) Unit and within a week had set sail for England and France. He saw twenty-five months service in France and received his commission as First Lieutenant in the Medical Corps previous to returning to the States in June, 1919.

He procured a position with the Goodrich Rubber Company in Akron, Ohio, this summer, but President Crawford wanted him back in school, and Big John is here. Since arriving

at Allegheny he has been unanimously elected to the Presidency of the Y. M. C. A., notably officiating as one of the chief lunch-hook shakers at the Y. M. Y. W. reception in the gym last Friday, and was again last week unanimously elected to the captaincy of this year's football team.

ment in cutting off all means of illumination in the Hall. This did not bother us at all as we quickly kindled a fire in the fireplace which supplied sufficient light and cheer, while the Sophomores were outside trying to bolster up their courage in the dark.

At twelve o'clock we sallied forth, each eager to make the Sophs taste defeat, and to place a real MASTER-PIECE over a JUMBLE OF OBSCURE WORDS. The Sophs were not in sight. Down the driveway to Bentley Hall we hastened with spirits bold, but the poster was not there. On we went amid encouragements of upper classmen such as, "Go get 'em, Frosh," and get them we did. But not until we were almost down to 'Dad' Ling's TEMPLE did we catch sight of their trembling forms.

We charged with a rush, with whoop, and yell and told the Sophs to go to H???. The Sophs emerged with sudden vigor from behind 'Dad' Ling's TEMPLE and succeeded in gaining the tree on which their poster was pasted, while we attacked at once. They quailed before our charging horde while we grappled and tore. Those who looked on saw naught but a grappling, struggling, swirling mob.

But alas! We were not quick enough. The whistle blew too soon. We had just begun to fight. It is safe to say that if the fight had lasted a few minutes longer, the victory would have changed hands. But as it was, the Sophs found that the Freshmen were not quite so green in pugilistic contests.

**FRESHMEN BIBLE AGAIN
MAKES APPEARANCE**

Twenty-Sixth Edition One of the Best in History.

After a lapse of two years the Student's Manual, commonly known as the "Freshman Bible" has again returned to Allegheny. It is a book that contains information of great value for the Freshman and often is of great use to the upper classmen.

The "Bible" is published annually by the Y. M. C. A. and Y. W. C. A. of Allegheny College, but owing to war conditions it has been impossible to publish it during the last two years. The Manual is supposed to be sent to the Freshmen before he enters college, but owing to a delay of the printer this was not possible this year—in fact the Manuals were not in the hands of the Editor until Monday, September 29.

During the latter part of last year the Manual was talked of and the staff appointed, consisting of J. C. Russell, Editor; Anna Nelson, Assistant Editor; and I. C. Kreuger, Manager. They have worked hard and have succeeded in putting out an extra fine Manual.

The book is of course dedicated to the Freshmen and includes almost every item of college life that would interest a student. It contains a Calendar for the year 1919-1920, President Crawford's Greeting to Freshmen, what the Y. M. C. A. and Y. W. C. A. stand for, History of Allegheny, Songs and Yells, facts about the College Publications, Musical Clubs, and other college organizations. It also speaks of honorary fraternities, athletics, Student Government, college customs, college regulations, the

Library, aid to students, the City of Meadville, the Faculty, Fraternities, register of students, etc. It gives a great deal of miscellaneous information such as business directories, etc. It is illustrated with photographs of the college buildings, and as a whole contains information which no one will want to be without.

The Manuals are being given free to the incoming Freshmen class and may be purchased by others from any member of the Board of Publication for the small price of fifty cents.

Every year when the annual Freshman-Sophomore class fight takes place the candidates for the football team are cautioned by Coach Hammett to stay out of the scrap.

Time and again, however, this sound advice is unheeded by excited partisans of the two belligerent classes. This year one of the letter men from last year, Secor, entered the fight and as a result broke a finger. Now class spirit may be all right in its place, but nine out of ten times if a man with any idea of competing for a place on the football team will think a little ahead, he will see that he will be "out of luck" if he is injured in this fight. Secor is a valuable backfield man and his absence is much missed in the practice scrimmages. This article surely would be of some avail if some one would take the lesson from it in years to come.
