Dear Miss Tarbell,

If you had to debate the question:
Resolved, that women should be given the
right to hold major offices in Okla.,
what arguments would you use? We, the
negative team, would appreciate very
much your help in this.

Most sincerely,

Mary Louise Steele

I should study the record of women
who have already filled offices
in Okla. - ~~and~~ just if I
could find they had filled
themselves until in major
offices.
