My dear Dr. Schlesinger:

I have your note of
November 11 saying that you will be in New York on Saturday,
November 21, and that the only time that you could see me would
be the morning of Sunday, November 22.

I shall be in town at that time and I shall be very
glad if you can come to breakfast with me at the National Arts
Club at whatever hour was convenient to you - eight, eight-thirty,
nine, or later if you prefer.

I want very much to have a preliminary talk with you
and later you may think it wise for us to go over the matter again.
I am sure that I shall want to consult you from time to time.

Looking forward to meeting you believe me, my dear Dr.
Schlesinger,

Very sincerely yours
