Dear Madam:

The enclosed cutting may
not prove of interest to you -
or you may have knowledge of
the existence of the two groups that
are mentioned - but in case it does
interest you I shall be pleased.

I hope you are well and in
the enjoyment of good health.

You are responsible for a large
per cent of our entire Lincoln
history by reason of your activities
and we surely are grateful to

Yours your efforts.

I am a native Texan -
Here this interest in the
inland. Cordial yours

Edw. Robt
