President Albert Britt
Knox College
Galesburg, Ill.

My dear President Britt:

I consider it settled then that I am to begin my work on November 12. I shall try to arrive on Saturday that I may have a few hours to get my bearings.

It is good of you to be thinking of my living quarters. By all means, let it be the girls' dormitory, if you have vacant space there. I think, all things considered, it would be wise for me to live with the girls.

One suggestion I have to make. I see that I have been announced as giving a course of lectures. I think that is a little misleading, don't you? Would it not be better to say conferences? That doesn't sound quite so formal - at least to me.

Yes, Mrs. Post wrote me about the slip in the publicity which made my statement sound as if I were there. I should have understood of course, having had considerable experience in the slips that come in the way of hurried announcements. Don't think of it a second time - it doesn't worry me in the least.

Sincerely yours
