Dear Miss Larkins:

I have through the
N. Y. paper learned
of your Mother's death,
and desire to extend
my deepest sympathy to
you. Our chief relief
has been great for
her for a long time.

My Mother left us
on July 11th after
a sickness of four
weeks. She was
Drakee Middleley
and her dog seemed
to be her best, so
the nervous strain
was hard to bear.
We miss her, and
so will you miss
our Mother, more
& more.

I know you have been in
 Washington recently, and I
 shall write there before the
 number is over, and shall
 hope to see you. I am looking
 care of matters here for
 the present and have
 much to do, but it is
 getting harder here.
 Affectionately yours -
 Annie Hall.
