LAWRENCE LEE PELLETIER Ph. D.

This year the students and faculty welcomed Lawrence Lee Pelletier as the 16th president of Allegheny College. Dr. Pelletier has been professor of government of Bowdoin College. He is a graduate of Bowdoin with the class of 1936, and has earned the Master of Arts and Doctor of Philosophy degrees at Harvard.

In addition to his teaching at Bowdoin, Dr. Pelletier has been active in governmental work at both local and state levels. In 1945 and 1946 he held a Social Science Research Fellowship for work on local government and finance. During 1953-54 he was associate Director of the Citizenship Clearing House of New York University Law Center, an organization interested in developing programs similar to Allegheny's Falk Foundation Project in Citizenship.

During the war Dr. Pelletier was active in the Army Specialized Training Program of the University of Maine.

Dr. Pelletier has published studies on "The Initiative and Referendum in Maine", "The Managing Plan for Maine", and was a contributor to a text "Fundamentals of Government." He has also contributed to a recent study on "Presidential Nominating Politics."

Dr. Pelletier was named to be the President of Allegheny College just 140 years and five days after Timothy Alden, the first, was selected as head of what is now America's 32nd oldest institution of higher education.

President and Mrs. Pelletier relax in their home near the fireplace.

President Pelletier pauses for his picture at his home library.

The 1956 Kaldron takes pleasure in introducing to Allegheny's students the President and his family: Mary Louise, Mrs. Louise Pelletier, President Lawrence Pelletier, and Lawrence Junior.

PRODUCTIONS OF 1955-56

Drama Workshop

This year the Allegheny Playshop brought six outstanding performances to the stage of our campus community. The productions represented a wide variety of dramatic interpretations. Gershwin's operetta, "Of Thee I Sing," opened the season with its dance routines being directed by professional choreographers. The next production, "The Heiress," written by Ruth and Augustus Goetz was based upon the theme of realistic tradition. Written for the modern French theater, the Greek play, "Antigone," was the third play of the year.

Christopher's Fry's "A Sleep of Prisoners," was written as a concentration of language and symbolisms in a return of the theater to the church.

Next followed Shakespeare's "Twelfth Night," directed by Stein Bugge, Norwegian dramatist and stage director. The play was taken on a week's tour after its campus presentation.

The first student opera ever given on the campus, "The Marriage of Figaro," commemorating Mozart's two hundredth birthday, closed the playshop season.

OF THEE I SING

The Allegheny Playshop opened its 1955-56 season with George and Ira Gershwin's Pulitzer Prize winning highly satirical musical "Of Thee I Sing." This satire on American politics pertains to John P. Wintergreen, who is a candidate for President of the United States, running for office on a plank of "Put Love in the White House." In order to win the hearts of the American people, Wintergreen proposes to his fiancée in each of the 48 states. In the second act the President has his troubles with Congress and the winner of a bathing beauty contest whom he had promised to marry. Wintergreen is impeached by a hostile Senate when the French Ambassador objects to the breach of promise. The First Lady manages to save the President and the foreign policy and a happy ending brings down the curtain.

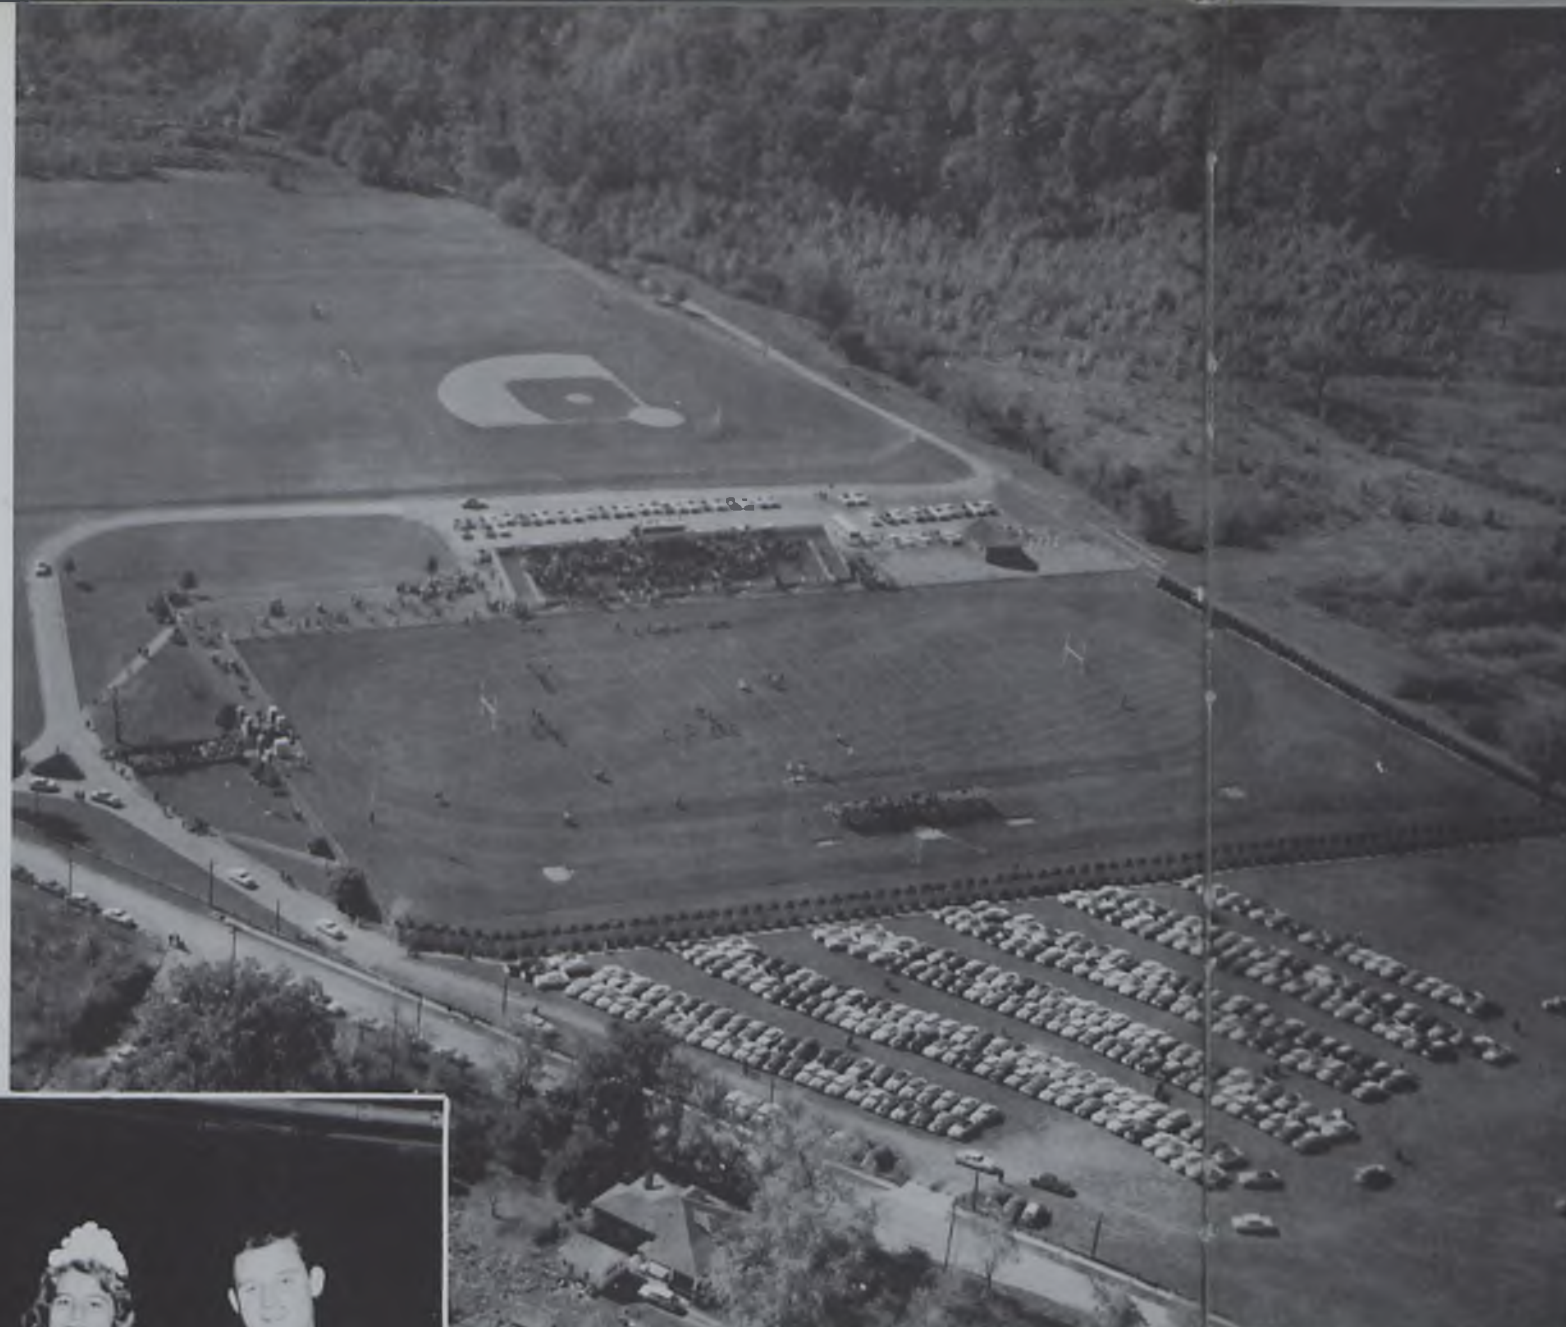

THE HEIRESS

The Playshop's first dramatic production this year was "The Heiress." Mary Alice Hanson played the title role of Catherine, an awkward young lady who gives her heart to an idle fortune seeker. Her father is convinced that the suitor is a fortune hunter, but Catherine believes she is loved for herself alone. The dramatic ending solves this emotional conflict.

Donodeo clears another hurdle to gain on his opponent.

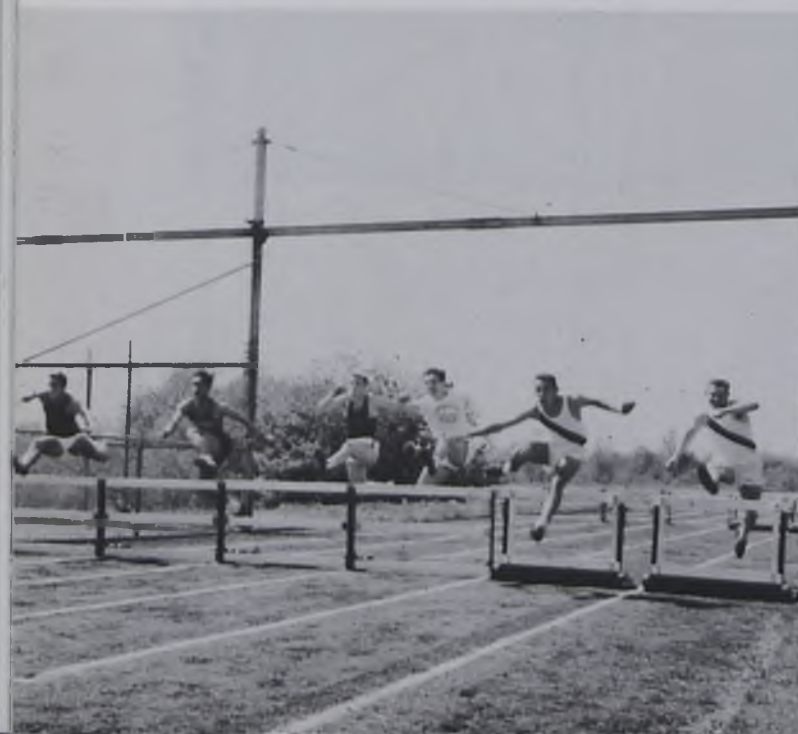

Allegheny's trackman is out to set a new record.

Although the overall record of the track team was not outstanding in the 1955 season, a new school record was set. In the triangular meet with Indiana State Teachers College and Slippery Rock, Roger Donodeo ran the 220 yard low hurdles in 25 seconds flat to set the new record. Versatile John Carmen stole the show in the opening meet with Westminster as he amassed 9 points, 5 of which came from a first place in the javelin throw, an event which he had never competed in before. Coach Bill Hanson was pleased with the work of both the lettermen and rookies, but hopes for a bigger squad in the 1956 season.

Coach Way discusses strategy with the '55 and '56 captains.

Allegheny's tennis team under Captain Joe Dickson, turned in a spotless record for the 1955 season, the first perfect record for any varsity sport since 1952 when this record was duplicated again by the Gator netmen. The squad regrets the loss of Joe Dickson, who for four years held down the number one position. Special credit should go to Ruth Ann Peterson, who, playing for her second year on the team, became the third woman in the history of Allegheny College to win a varsity sport letter.

In the past four years the netmen have only lost five games. Alleghenians point with pride to the outstanding record of the tennis team.

Ruth Ann Peterson is a match for the best of Allegheny's opponents.

Annual Invitation Tournament (Thirteenth) 1st place	

The 1955 golf team was another Gator team that turned in a fine record. Winning four matches and dropping two, the Hilltoppers crowned their season by winning the thirteenth annual Invitational Tournament in competition against thirteen district teams. The winning foursome included captain Carl Danielson, Dave Law, Skip Yahn, and Dick Herrmann. The squad's hopes for the 1956 season are centered around Dave Law and Reed Woeckner, the only two returning lettermen.

This should be a tough decision for the umpire.

The Gator baseball team, under the able coaching of Robert Garbark, played the best ball last year that Allegheny has seen since the end of the Second World War. The outstanding Hilltopper Nine played the best in the district and came out on top. Outstanding among the squad was senior Bill Bishop whose hitting and pitching led the team to many a victory. With only two members of the starting players lost, the Gators again look forward to a successful season.

After dropping the first three games of the 1955 football season to Wooster, Hobart, and Thiel, in that order, the Blue and Gold of Allegheny seemed determined not to let this happen again. With co-captain Don Barron carrying on alone without the aid of co-captain Don McArdle who was injured in the first game, the Gators managed to win their first game at the expense of Oberlin.

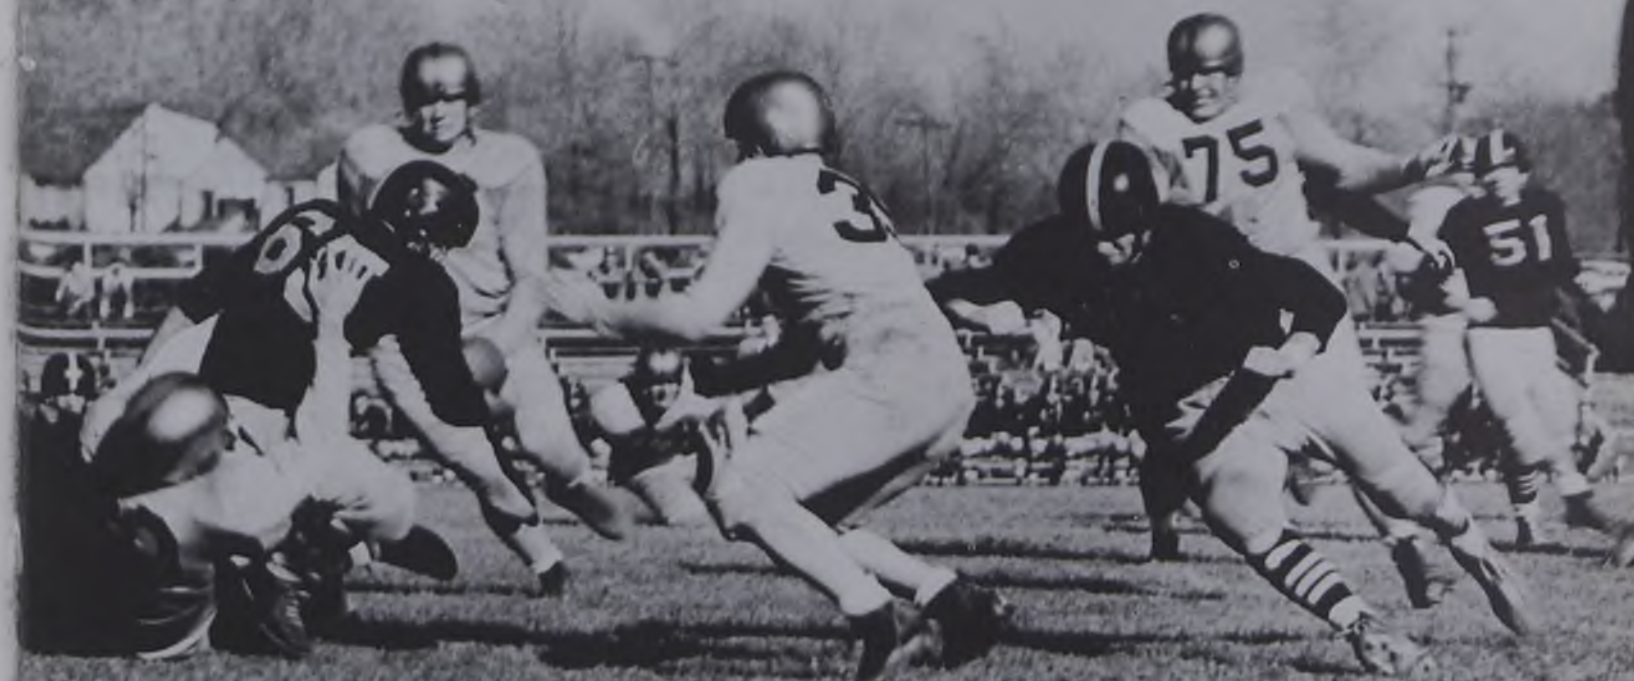

The fifth contest was the Homecoming game with Grove City. The hard-hitting Allegheny line, led by John Carman and Pete Croft, pushed farther and farther into Grover territory in the second quarter to score two T. D.'s, the tallies being chalked up by Jim Villa, a promising freshman back. The final score was Allegheny 13, Grove City 7.

The next game, however, was not so successful. The Gators lost to a strong, unbeaten Bethany College by a score of 27-13. The scoring for Allegheny was by Villa and Maldonado. The last two games against Westminster and Geneva were also defeats for the Hilltoppers' season record: 2 wins and 6 losses.

SOCCER

FALL 1955

With Jim Lauffer as captain, the Allegheny soccer squad got off to a good start, winning two out of the first three games. However, the rest of the season was not as fruitful. In the next five games, they could only manage to tie one and drop the remaining four. A serious loss to the squad came in the second game with Rochester when Chris Skattum, an exchange student from Norway suffered a broken leg. High scorers for the Gators were Bob Banham and Bill Regan with four and three goals respectively.

Allegheny's basketball team has struck a happy medium this year with 5 wins and 6 losses (at publication date). Coach Garbark has worked hard with the team to overcome a disadvantage of height, which is the principle factor for the win-loss record. A majority of our losses so far were won by an average of only four points, which indicates the team's strength. Thus the season record may not justly indicate the great potential and spirit of the team.

The loss of the graduating seniors, is leaving a large gap on the varsity squad. Even though the team may wind up mid-way this season, the coach has the up and coming underclassmen to set the foundation for another well functioning basketball team with the spirit and desire to break into a new schedule vigorously and optimistically.

Under Coach Bill Hanson, Allegheny's swimming team has again this year maintained its winning pace. Captain of the team, Carter White, has led his team to four victories and two losses (at publication date). Since several of the teammates, Ray Cox, Britt Poulson, Carter White, and Alex Hill hold both varsity and pool records at several schools, it is no wonder that the coach as well as his team are optimistic about the season results.

This year the swimming team incorporated something new by swimming against Niagara University and Rochester University which are both out of Allegheny's class.

In the last few years Allegheny has consistently held the top or near top rating at the annual Penn-Ohio meet and the district meet. The team expect to be near the top again this year. (note) On March 3, the Allegheny swimming team won the Penn-Ohio meet which makes two crowns in three years.

Alumni Letter

CONGRATULATIONS TO THE CLASS OF 1956 FROM 8500 ALLEGHENY ALUMNI

Many of our students at Allegheny are not acquainted with the Operation of the Alumni Office or the activities of the Allegheny Alumni Association. The Kaldron Staff hopes that the summary on this page will not only serve as a guide to graduating seniors but also will give the whole student body an idea of Allegheny activities carried on after graduation.

The Allegheny Alumni Association consists of 8500 graduates and former students. It is governed by an Alumni Council of 21 members and has a President, Vice-President and Secretary. The Council and officers meet at the College twice a year to transact business matters, and all alumni are invited to the campus each year at Commencement for the annual Association meeting.

The Alumni Office and Alumni Association sponsor many activities to maintain support of the College and to help Allegheny friends to strengthen their own contacts as time passes. The **Alumni Bulletin** is mailed to every Alleghenian three times each year. Alumni Clubs meet in various places each year to strengthen area social ties. In 1955, meetings were held in Albuquerque,

Buffalo, Butler, Chicago, Cleveland, Corning, N. Y., Denver, Erie, Jamestown, Kansas City, Los Angeles, Boston, New York, Waynesburg, Pa., Philadelphia, Pittsburgh, Rochester, San Francisco, Sharon, St. Louis, Syracuse, Tucson, Washington, D. C., and Westport, Conn. They were all attended by representatives of the College.

The Alumni Association also sponsors the Alumni Fund, an annual program of alumni contributions to Allegheny for current yearly expenses. Over 670 Alumni actively worked for the fund in 1955 and thousands more contributed to it.

Other activities include class reunions every five years, the Homecoming Celebration, the Alumni Admissions program and various area events.

The purpose of Allegheny's alumni program is, of course, to give the College the continual support of 8500 people who have a real interest in her future. But perhaps even more than that, it is to show her graduates that the College will remain an inspiration in their lives forever.

Avisco is a symbol for quality wherever it appears. The Avisco Integrity Tag and the Avisco label on carpeting, home furnishing fabrics and on fashions assure the consumer that the merchandise has been manufactured to meet the high quality standards set by American Viscose Corporation. Avisco rayon and acetate yarns and fibers have earned an enviable reputation for consistent and dependable economy, durability and beauty.

American Viscose Corporation, America's first producer of man-made fibers, has welcomed many Allegheny College graduates to its staff of highly skilled technicians. Although its major contributions have been to the textile industry, American Viscose is essentially a chemical process company, constantly expanding its usefulness to include a wide area of technical progress aimed at improving America's standard of living.

*They trod a rocky road to Success
with a new idea for a closure*

Colonel Lewis Walker's shoes, equipped with the fascinating slide fastener in which he had so much faith, took an awful beating before the zipper was finally perfected. For more than 20 years the Colonel struggled with design and production problems, poured every cent he could raise into development, and fought to sell his revolutionary closure to skeptical users. About 1914 his little company began to show an occasional profit, but profit all went back into the business. Not for another nine years were investors to receive a penny of income from their investment . . . Keeping everlastingly at it usually brings success, but you can't rest on your laurels and expect to keep at the head of the parade. Today Talon, Inc. is still putting part of every dollar of income back into the business; is still seeking to devise better ways to make better zippers. "Learning how" is a process that never stops.
