

November 23, 1934

My dear Mr. Barker:

I have your letter of November seventeenth. I am glad to write to Mr. Dickson as you suggest and I hope your knowledge of Lincolniana will be used as it deserves to be.

Some little time ago you sent me what you call your "traveling catalogue" of pamphlets. I have not been able for some time to give any time to Lincoln matters, nor shall I be for a few months. I have no doubt there are items in your catalogue that I would like, but I am short for time and money as well. When I am again free to go on with my Lincoln collection I certainly shall write you.

I am returning the catalogue with this letter.

Very sincerely yours

Mr. H. E. Barker
