

C O P Y

Dear Mr. Patterson:

A letter of November 11th sent to me f/o American Magazine has reached me. I have not been with the American for some little time, having given up all editorial work.

I am interested in the proposition that you make. I have been asked before to serve as a consultant in similar matters but never have been able to find the time. I shall be glad to accept if we can arrive at a date that is convenient. I cannot today suggest the date, as I have two imperative engagements in the near future, the dates of which are not absolutely fixed. They will be in a day or two, and I will immediately let you know when I can be in Dayton.

Hoping that this is satisfactory

Very sincerely yours

Mr. John H. Patterson,
Dayton, Ohio.

Telegram, Monday, November 24th

Could be in Dayton week of December 7th, probably arriving morning of 9th. Will this be convenient.

I.M.T.
