

T.E. MITTEN
1880 SPRUCE STREET
PHILADELPHIA

October 7, 1919.

Dear Miss Tarbell:-

It gives me pleasure to see that you have been appointed on the National Labor Conference. I know that you have given this and kindred subjects very careful study for many years, and because of that interest and your kindness in recognizing what I was trying to do at Chicago in 1905-6, I am sending you herewith proof copy of "Philadelphia's Answer to the Traction Question."

If you ever meet Chairman Elmquist of the Federal Commission, I wish you would ask him what he thinks of co-operation as practiced in Philadelphia. He spent the most of one day here making his own personal investigation.

Your friend,

Miss Ida M. Tarbell,
President Wilson's National Labor Conference,
Washington, D. C.
