

yr - will do it

Dear Mrs Tarbell

Will you please send me
fifty words, more or less,
expressing your opinion of Lindsay
Gettysburg address - all in your
handwriting, I have been gathering
some wonderful such eulogies of
late. It is just the thing to
annex the nurse, while on
your vacation. I supposed
Cabel was dead for the time
being, but from what I learn
Chapman, and all predecessors
on the stage were but fledglings
of what is now under way

means what its projectors
pretend.

Yours sincerely,
Isaac Markens
