Mr. Frank Aydelotte
Swarthmore College
Swarthmore, Pa.

Dear Mr. Aydelotte:

In an article which is to be published in a forthcoming number of the Cosmopolitan I have made reference to the study of the problem of unemployment by Douglas and Director which was undertaken at Swarthmore College and the results of which were embodied in Douglas and Director's, The Problem of Unemployment.

The editor of the magazine has asked me to secure for him pictures of Swarthmore. He probably would not use more than one but I think it would be wise to have several from which they can select.

Could and would you supply these pictures? If so will you not send them direct to Miss Dorothy Giles, Cosmopolitan, International Magazine Building, 57th - 8th Avenue. I shall appreciate your co-operation in this matter.

Very truly yours
