Dear Miss Tarbell:

Thank you for your note of February 5, answer to which has been delayed owing to the fact that I have been away from my office most of this week. Also I shall be away from today until the latter part of next week. Perhaps we could have a chat on Friday. At any rate, I shall get in touch with you on that day and we can determine how our schedules fit.

Very truly yours,

T. J. Ross
