Dear V. R.:

Here is another of this blasted series. Do give it your attention. I know it needs it, but I am so fed up on it that I cannot do anything more. It really takes a lot of work to pound out this sort of thing.

I am off Thursday for a months work-Lincoln and factories. I am not too keen on going but I have made up my mind to take it easy and have my eye on one or two comfortable quiet spots into which I can slip in case of need.

Do let me know when you are through over to the Albert Chambers. I shall send you a postal card. And do let me know how that blessed chest of yours is conducting itself. I don't feel too easy in my mind about it.

Affectionately
