Dear Miss Rogers:

I have just received from Miss Hoffman the enclosed letter - a copy of which I am keeping

I am writing her that we shall all regret that she is not to be in the country in November, that I do not know what the procedure will be under the circumstance but I suppose that the announcement will be made at the Friendship Dinner and a report of what is said and done sent her. If this is not the correct answer please let me know.

I take it that now my duty in the matter is discharged, is it not?

Very sincerely yours

Miss Daisy Rogers
