Defense of Lisa

The Lisa which is the sign for economy - the symbol of our long sacrifice & of our degraded perseverance - will be defended at all cost.

^{I must defend the cause to my last breath}
I shall now inflict on the wonderful state in paper, who for 4 laborious years have practiced discipline & great self-denial. The moral indignity of the economic character of permitting the woman to take out of the land.

In the settlement of V. Italy's lack of raw materials have been utterly ignored to be just described. It is the industrial history. When Constantinople was given in Albania to sell for oil. Italy next may well have been given preference considering that she has military & but in the U.S. & B. Greece allowed her to take place.

she wants what she calls her vassals in raw materials. If the great nations are really anxious of peace as they profess & which they are - must be
