Dear Miss Gilder:

We were very happy that you could visit Allegheny and talk with some of our drama students. Mr. Hulburt has told me of your gift to the Lincoln Collection, and I am writing to express my thanks. Our Lincoln Collection is not large, but it is a workable collection and is already making a vital contribution to undergraduate thought.

We are very glad to have the volume of your father's poetry with his sonnet on the life mask of Lincoln. We also appreciate the negatives of the photographs of the mask. Mr. Hulburt will arrange to have some prints made.

With kindest regards,

Sincerely yours,

Miss Rosamond Gilder
