OAKVILLE, CONN., Feb. 2, 1935.

Miss Ida M. Tarbell,
120 East 19th St.,
New York City, N. Y.

Dear Madam:-

We have your inquiry of January 18th, asking for information regarding the daily production of a Pin machine.

We assume that you need this for some article that you are writing, but would like to know the nature of the article, if possible, at this time.

If merely an average figure is desired, you would be practically correct in using a production of 26 pounds, or 134,680 Pins, per day of ten hours.

Yours truly,

Oakville-American Pin Division,
Scovill Manufacturing Company.

R. C. Chapman Jr.

Sales Department.

RCC/ES

IN ADDITION TO THE PRICES NAMED YOU ARE TO PAY US FOR ANY EXCISE TAXES FOR WHICH WE MAY BE LIABLE

Un3f

Shouldn't this be in the file rather than in a book? MP
