DEBATING SEASON IS NEAR AT HAND

A BRIGHT OUTLOOK.

Let Every Student Lend His Heart and Hand Towards Making Allegheny's Team the Most Successful Ever.

The old fashioned "Fall term" is nearing its close. College activities are almost routine. One more game closes the foot ball season. Senior theses have gone "to soak." All these are but signs, that debating is due to make its appearance.

It is gratifying to note that class teams have already been chosen and are on a working basis. The dim outlines of a college team loom up in the distance. If, then the present interest is a prophecy of this year's work, we may expect some rousing debates. But contestants alone can't make the year's work a success. The student-body must back their efforts. Classes must vote for their representatives. Interest and enthusiasm must be in abundance.

The class itself can half win a debate and now is the time to start. Give your debater a cheer or a pat on the shoulder. Show him you are interested by talking to him about his work. In your reading, note articles bearing on the question and call his attention to them. Above all else, show him you are interested. Have confidence in him. And never think for a moment but that your team will win.

When the treasurer of the Oratorical Association asks for dues pay him on the spot. If this is done and interest is shown, debating will be a wide awake issue of college life.

The first meeting of the representatives of the faculty and student-body for the purpose of coming to a final decision on the method to be adopted for the annual election of the editrial boards of the Campus and Literary Monthly, was held in the Oratory of the Chapel Friday afternoon, November 24. REGULAR MEETING OF CLASSICAL CLUB

Well Attended Session Held in Classical Room of College Library—An Interesting Program.

The Classical Club held its regular semi-monthly meeting last Tuesday evening in the classical room of the Library. The session was unusually well attended, and the program was of that bright and entertaining nature which is the rule, not the exception, at meetings of this excellent organization. Mr. LaBounty was elected to the chair, and after the customary routine of business was gone through with, the following program was presented.

Mr. Mackey gave an interesting review of a recent magazine article on "The Reading of Greek." Mr. Swanson discussed at length an article which appeared recently in the Century magazine on certain tomb excavations in lower Egypt. The principal paper of the evening was then read by Mr. Crawford, his subject being, "Senatus consultum de Bacchanalibers," or translated, "The Decree of the Senate regarding the Bacchanalian Rites." The essayist described the rise of the Bacchanalian cult, its transference from Greece to Italy, and its degeneration in the city of Rome. The story, as given by him, of the eventual blotting out of the cult, was read, together with a translation of the decree of the Senate which caused the cessation of the Bacchanalian worship.

The next meeting of the club will be held on Tuesday, December 6. Prof. Ross will read the paper.

FORMAL OPENING OF WOMEN'S GYMNASIUM

ANNOUNCEMENT OF WEEK'S PROGRAM.

Events and Ceremonies in Connection With Opening of the New Gymnasium for Young Women.

The formal opening of the new Gymnasium for Young Women in Hulings Hall took place at the Hall last evening from eight to tenthirty o'clock. Only invited guests, consisting of local alumni, the members of the faculty, and benefactors of the college were present.

In Wednesday afternoon from four to six the Gymnasium will be open to visitors. Both students and citizens are invited to be present.

With the Thanksgiving party on Thursday evening as the third function of the week held at the dormitory, the new Gymnasium may be said to have been satisfactorily and sufficiently introduced to the general public.

PHI DELTA THETA ENTERTAINS.

One of the Most Pleasant Social Events of the Year.

Phi Delta Theta entertained at their chapter house last Thursday evening. A sumptuous dinner in eight courses was served. Chrysanthemums and white carnations were the favors. Music was furnished by the Young Northwestern orchestra. After dinner, a delightful social hour was spent.

ALLEGHENY DEFEATED BY CLEVELAND TEAM.

UP AGAINST IT AGAIN.

Reserve Team Makes Great Showing. Locals Out-classed, but Get Into the Game for One Touchdown Anyhow.

Out-weighed and out-played, Allegheny went down in defeat at Cleveland last Saturday before the fast Western Reserve team. The final score of 52 to 5 is the measure of the worst defeat the team has suffered this season. The team was hopelessly outclassed; but the fact that the collegians scored against so strong an aggregate as the University men demonstrates that the Allegheny boys were not without the essential quantity of foot ball pluck and perseverence.

The game was played under ideal conditions. The weather was the clear, bracing kind which a foot ball team is always dreaming about but seldom experiences. A crowd of about 1,000 spectators witnessed the game.

Allegheny kicked off to Reserve's ten-yard line. Fosdick and Scott circled Allegheny's ends for long gains. The plays were executed with great speed and precision. Scott carried the ball over for a touchdown. Reserve kicked off. The runner was downed almost in his tracks. On the first play, Allegheny fumbled and Green circled the end for 25 yards and a touchdown. The score—Reserve 12, Allegheny 0. In a few moments Reserve scored her third touchdown; but missed the goal.

At this stage of the game Allegheny rallied and carried the ball by a series of trick plays and line bucks the length of the field for a touchdown. For a time Allegheny played brilliant ball, and won a warm round of applause from the appreciative spectators. Reserve's line was pierced several times for good gains. Benedict, Braymer and Stidger carried the pigskin to the ten-yard line and Brown carried it over for a touchdown. Nelson failed at goal. Score—Reserve 17, Allegheny 5.

Allegheny was too weak on the defense to hold their opponents and within two minutes after the next kickoff Prowitt made a dash of 40 yards at racing speed for the fourth touchdown. On the next kickoff Allegheny received the ball but could not gain. Reserve dropped on the ball after she had blocked a punt and although Allegheny played desperately, pushed the ball over for a fifth touchdown. The half ended with the score 29 to 5.

During the intermission Coach Rickey talked to the team. Unfortunately no reliable report of his speech can be obtained; but what he said was "a plenty."

In the second half Reserve sent in many substitutes; but they seemed fully as able to play fast and furious foot ball as the regulars. The scoring went merrily on, Allegheny losing the ball on fumbles or being forced to punt. Prowitt missed a pretty try for a field goal by a foot. But Logue caught Benedict's punt on Allegheny's 25-yard line and carried the ball over for a touchdown. Dickinson and Holderman also scored. Allegheny continued fighting to the end. She was out-played, but the superior weight of the Reserve team aided by costly fumbles by the locals, is in a great measure responsible for the size of the score. Score 52 to 5.

GYMNASIUM WORK BEGINS IN EARNEST.

Physical Director Werner Starts Things Going—Classes Have Now Met for a Week, and the Work is Settling Down to Its Accustomed Routine.

Physical Director Werner gave his first lessons in physical culture in the gymnasium last week. The week before had been spent in examining the students who were to take the gymnasium work. The classes were to have been continued on Monday, but on account of the condition of the big room, due to waxing the floor, and so forth, they had to be postponed until the middle of the week.

As yet only about two-thirds of the students of the lower classes have registered for gymnasium drill, but Mr. Werner expects that the rest will register the first of this week. Lockers have been assigned to those who

Discussion Commences

The matter of the competition for offices on this publication and the annual election of its board is now before the student body in its entirety. The policy of the committee of representatives from the various undergraduate organizations and faculty, as pursued in the first meeting on last Friday, is not a little deserving of commendation. The dignified thoroughness with which the business was taken up and the expressed disapproval of over-hasty action on the part of the committee, foretokens an eventual decision of such a fair and impartial nature as to be satisfactory to every party concerned. There is no doubt that the matter will be discussed in its every detail, and there is every reason to believe that the decision arrived at will prove effective and successful for many years to come.

Keep Off the Grass

We wish to call attention to the thoughtlessness of a part of the student-body which bids fair to mar much of the beauty of the lawn in front of the Library. The sloping walk that swings up along the edge of the ravine is evidently considered by some of the hurried people as an inconvenient approach, and as a result a path is being made across the soft lawn. A glance at the marring effect of this "short cut" is sufficient to condemn it. We feel confident that the student-body will need no further hint.

Our Fire

The Campus bobs up serenely a day late and urges its sincere apologies upon a wronged and doubtless mildly offended community. We have been singed; the feathers of our editorial quill still seeks with the scored vapors of fire and carnage. But like the Phoenix of long ago, we soar gracefully from the ashes, a recreation of indomitable vigor. While our hot-soled feet fry in the embers of our disaster, we rise our head to knock against the stars with wonted energy.

Whether the cause of our distress may be attributed, as has been suggested, to a red-hot editorial carelessly handled in the process of forging, or to the spontaneous combustion of those political gases which are prone to condense in the always dangerous atmosphere of a newspaper office it is difficult to determine. Suffice it to say that the editor and his colleagues, aroused from their chairs late on Monday afternoon by the clang of bells and din of engines, hastily vacated, coat-tails flying, amidst what seemed to their dozen faculties the wreck of matter and the crash of worlds.

In apologizing for the delay of this issue, we are reminded of a story. The sudden death of a faithful old Scotch milk-man caused the neglect of his customers on the following day. That evening, however, his conscientious wife went the rounds of her husband's patrons, and in response to all inquiries, responded meekly, "Please sir; you'll 'scuse James. He's dead," and so, though we would not plead our decease, yet we feel justified in transferring blame for tardiness from our own shoulders to the unfortunate intervention of an inexorable fate.

While grandfather tells a yarn,
How he used to play foot ball,
When he was a lad in school,
How he used to rush the ball,
Again and again through the goal.
Then, I tell you, boys,
We prick up our ears and listen.
For in these days of bustle and noise,
Foot ball stars no longer glisten.
O, if we could only see a game,
As grandfather used to play it,
Coming out of every contest sore and even lame,
Ah! that's real foot ball, boys; then there was something to it.

Foot Ball to Become a Gentle Sport

Measures Adopted by the University of Pennsylvania — Harvard Co-operates With U. of P. to Universally Eliminate Bruatlity.

Following the suggestion of President Roosevelt for uniform eligibility rules in college athletics and for the elimination of unnecessary roughness, brutality and foul play in the American game of foot ball, the University of Pennsylvania has taken the initiative for the suggested reforms and has addressed a circular letter on the subject to the heads of all universities, colleges, private schools and other institutions in the United States interested in athletics.

This action was taken after a number of meetings of the university committee on athletics of the University of Pennsylvania, at which the president's thoughts on the subjects were discussed. The committee formulated rules which it thought would meet the situation and decided to send them to the authorities of all educational institutions in the country for consideration and adoption if they met with approval.

The rules proposed by the University of Pennsylvania, in accordance with the suggestion of President Roosevelt, are as follows:

No student shall be allowed to represent any college or university in inter-collegiate athletic contests until he has been in residence there as a bona-fide student for an academic year, and shall have passed satisfactorily examinations on a course of study as a candidate for a degree; or, if a special or partial student shall have taken a course which requires at least fifteen hours per week and shall have passed satisfactory examinations in subjects aggregating at least twelve hours of such courses.

No student shall represent his college of university in inter-collegiate athletic contests unless he shall be at the time in good academic standing in the class of which he is a member.

No student shall be allowed to represent his college or university in inter-collegiate athletic contests who shall at any time have taught or engaged in any athletic sport for a pecuniary or other consideration; or who shall at any time have received, for taking part in any athletic sport or contest, any pecuniary gain or emolument whatever, direct or indirect, with the exception that he may have received the amount by which the expenses necessarily incurred by him in taking part in such sport or contest exceeded his ordinary expenses.

In applying this rule the constituted authorities shall discriminate between the deliberate use of athletic skill as a means to a livelihood, and technical, unintentional or youthful infractions of the rule.

No student shall represent one or more universities or colleges in intercollegiatet athletic contests for more than four years. In determining what constitutes a university or college within the meaning of this rule due consideration shall be given to the athletic scholastic standing of the institutions represented.

A student who from any cause participates in inter-collegiate athletic contests, during only a small fractional part of a year, may in a succeeding year be charged with only that part of the year which is equivalent to that in which he participated during the incompleted year.

The rules regulating eligibility as formulated in this code shall be interpreted as representing merely a required minimum. No student shall be considered eligible to represent his college or university in athletics merely because he satisfies these minimum requirements, but it shall be the duty of the constituted authorities to determine whether it is best, all things considered, for any particular student or for the institution that he be permitted to become its representative in any branch of athletics.

The board of coaches of the University of Pennsylvania in its communication referred to in the letter, discusses the abuses to which foot ball has been subjected and ventures the opinion that the danger of injury in mass play is more apparent than real. Nine-tenths of all serious injuries, the board says, occur in so-called open play. The board suggests the following changes in the playing rules:

For "unnecessary roughness," "piling up," the use of the open hand, of elbows, etc., a penalty of twenty-five yards be inflicted; for the offense of slugging with the fist, of "kneeing," or of other equally unsportsmanlike action, that the player not only be disqualified by removal from the game but that for the remainder of the half in which the offense occurred his team be obliged to continue the game without a substitute for him; and that the player who shall for the second time in one season be penalized for brutality, shall be ineligible to represent any college or university for the remainder of the season.

GYMNASIUM WORK BEGINS IN EARNEST.

(Continued from page one.)

have registered.

On account of the lateness of the season it is rather difficult to get the classes started systematically at first. Mr. Werner states that separate classes have not yet been arranged for Sophomore, Freshman and Preparatory students, but that he hopes to have this done soon. But not until after the holiday vacation will the work be in perfectly smooth running order.

Special work will be suited to the different classes. At present, simple wand and club drill is to be given to the preparatory students, and lessons in fencing and sparring to the men of the lower college classes. Mr. Werner intends to emphasize indoor track work for all classes—both running and hurdling. Besides the great value of this track work as a part of the regular gymnastics, it will prepare the students for the outdoor track work in the spring.

New appliances have been received at the gymnasium, and more have been ordered. Although the details of all the gymnasium work have not been arranged up to this time, we have all reason to believe that the coming season will be one of the most profitable in the history of the college.

THE "LIT."

Review of November, 1905, Issue.

On account of an excess of over-ripe copy in the last issue of the Campus, space for criticism of the "Lit" was denied. The appearance of the first copy of the Literary Monthly was much delayed on account of necessary changes on the editorial staff. Mr. Taft in the short time given him since assuming the position of editor has evidently been a busy man. The present issue has seldom been equaled in point of quantity and quality of material. The editor is to be congratulated on his work. Without doubt the "Lit" has a golden year ahead.

Mr. Lick's foot ball story, Jerome Fisher's "Cheermaster" and Mr. Dennis' "Bill, the II," are among the best efforts. The "Cuckoo Clock" is another fine touch, showing much ability and appreciation. As usual the editorials are gems of thought and composition.

In only one way is the publication open to adverse criticism. That is in the matter of typographical errors. These cannot help but do much toward marring any work, and most of all such a publication as the "Lit."

DOINGS IN BASKET BALL CIRCLES.

The Several Candidates for the Team Rapidly Rounding Into Form.

Basket ball practice has been continuing with renewed interest this week. More men have reported for practice and rapid improvement is self-evident. Comfort has been out and is playing in old time form. Spirit also has been added to the practice by his assistance as coach. Mr. Werner, the physical director, has proved his efficiency, also, as a coach.

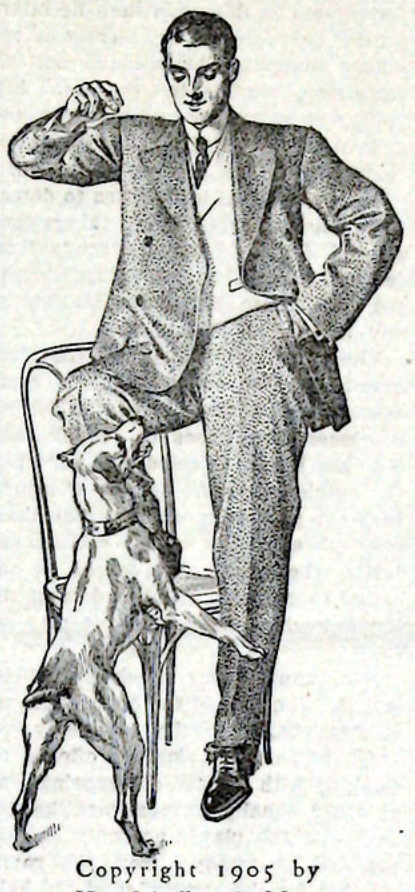

The manager is exerting every influence to secure a game from Yale and one from the Buffalo Germans, but as yet has received no definite reply. Plans are being made to offer nine games on the season tickets this year. These games are to be the best possible and will furnish entertainment well worth the money to all who secure season tickets.
