Dear Ruth Bennett:

Mrs. Winthrop Aldrich sends the enclosed letter which please return with your suggestions for a committee. I doubt if there would be much to do. If Love Porter is to be here, at least this Spring, don't you think she would make a good head of the committee? Then if we could draft somebody who is not too active, but is good material from the Club, wouldn't it be a good idea?

I'll be around tomorrow afternoon,
but probably not for dinner.

Love to you
