coming to the 100
of my friends
H. W. 1/27-1896 295

We might make an
outline of career of
Depression.

In this study is a
most interesting effort
to get at cause &
suggest remedy -

The chief cause is
h. 76 et seq 1890
what

Am. Production
 of Machinery
 displaced
 many men
 replaced by
 the new
 machinery
 which made
 the 540.

There were men
 with 17 men who
 made 500 dy home
 in a week. With
 machinery & make
 1200 dy
 in 1882

Incapable making
 10 to 20 times as
 many miles was
 required in 1855
 as in 1885 - 1882

When you went
 in making - cotton
 goods - clothing
 flour making =
 same "
 leather "

One a full class journey
 would make 1000
 200 cars by hand
 now with a machine
 he made 200 to 250
 a day - 1884

In manufacture of
 railroad supplies
 & of rubber boots &
 slippers - 50% displace-
 ment

Many inferior imitations
 being -

Post cost of operating
 22-502 600.00 a year
 with ^{my} 2 curers less
 same amount of work
 would cost 11.305-
 500.00 - p 87-88

In spite of this the
 production of shorts
 improves multiplied
 and - abnormal
 organization of capital
 p. 20

Labor has benefited
 as a consumer
 chiefly -

com.

Chief Justice Davis -

"As to the control their
amendment may be usually
is always made - be-
longing to the control of
their capital state of
their management rule
is subject from a great as
direct in substantive ap-
proach - but the sense of
having a public control
has - But these conside-
ration are in no just sense
is conflict with their
duty to the public and the
public - Railroads are
in every essential public
public highways created

for public use rather -
subject to be owned and managed
managed by public person -
- Constitution depends on
the right of universal demand
which is subject to the state
acceptance of public
rule by control -
material control of the
state -
Equality clear in regard
to their public and control
person and property -
Have control in the h-
be carried - but the public
control will be over
control to control
is compelled to accept
duty of control all
state for public property

anapukionul-
stak

Can't compel male
human to build up
if they need sleep
Can suppress their desire

Jay Gould 1838-1892

The future made
in end to met -

4. *Demet. Pacific*

By 1870 Lee was packing
in Cuntit & the Union
Pacific & ^{was as well as} ~~Cuntit~~
A. H. Kama Pacific
He began in Pacific
Texas & Pacific
etc & other companies
made until he

controlled at least
half of the mile or
on the so west-
where he was considered
building not in 1904
but in 1905 and as
see with Congress
see also

he had acquired
as again the New
York (1879 to 1883)
By '84 he owned the
N.Y. elevated road
controlled the New
York - Little wonder
that men used him
more than in 1893
led to my belief
very often

Edw. H. Vandenberg
