

August 31, 1928

Miss Mary L. Webb
66 Forest St.
Newton Highlands, Mass.

My dear Miss Webb:

I received in this morning's mail
your long letter in regard to patent in which you are interested
and what you call the History of the Southern Improvement Company.

It is impossible for me to give it immediate attention.
I simply wanted you to know that the manuscript had been received
and that I would read it at my earliest opportunity.

Sincerely yours
