Dear Madam:

Tell your assessor to enroll you as a Democrat.

He will call shortly to make the assessment, as well as make his annual enrollment of all voters of your district.

The Pennsylvania Manual known as "Smull's" explains this point clearly on page 707, Sections 10, 11, 12, 13 and 14.

We want the women to enroll as Democrats, as next year will be Presidential election, and from the election of the Democrats to Congress during 1930, there is likely to be a Political revolution, and many Democrats will be elected to office.

In case of Democratic success you or your friends, good work will be recognized, and good service to the Party would entitle you to consideration. It is not too early to start the ball a rolling and have all of your friends enroll as Democrats.

I inclose a copy of the enrollment form which can be used in case the assessor misses you, sign and hand or mail it to your assessor.

The Republican Party is aiming to get Democrats to enroll as members of their Party, but many Republicans are dissatisfied and will change their Party enrollment this spring and enroll as Democrats and we would like to have you to use the telephone, or talk to every voter and ask him or her to enroll as a Democrat.

A full and complete Democratic enrollment will greatly help our Candidates for Judge and all County Offices.

Respectfully,

Miss Mary G. Neece,
Vice Chairman,
49 N. Third St.,
Williamsport, Pa.
