Miss Jane E. Hammand,
Schaller, Iowa.

My dear Miss Hammand:

Thank you for your letter of the 12th of January. I am so glad to know that you like the Lincoln articles. I only hope that those that follow will please you as well. It is an informal series, based on fresh personal observation, and I am hoping that it will interest people.

It is to be in the newspapers, in order to get the widest circulation. The Decatur Herald will carry the articles, so, you, see, you will have them right at home.

What a beautiful idea to have a replica of the Borglum statue in Decatur! I do hope that you can carry it out.

With all good wishes,

Very truly yours,
