Dear Will:- I just pulled up
down-stairs the first time I've seen since I left.
America. I walked at the piazza &
it made me homesick. Then I
got Carmichael's address & sent
you word of my whereabouts & Cook
sent all over - they have a good
credulous.

I am leaving here early to-morrow
morning to go to Siena where Miss Rogers
is staying. I shall be there 2 or 3
days I take it. I am just
finished and mailed my second
article and am pretty well tired

out. Enjoy I hope all
as well as I am & all your
friends will continue to be
Roma Commerciale Italiana, Roma.

as long as I stay over, Mike will
probably be called the middle of
October. I am thinking of going
back on one of the big Italian
boats - the new Roma & I am
set-her.

My work is
my interesting. Yesterday is
perhaps the most remarkable
man I've ever met in
Rome. He is lecturing into
Europe in a way you can hardly
duplicate. Incidentally I enjoyed one &
meeting & may have another
before I leave - in the mean
time I'm drowning mite - all

serli of Rumje - seeing many people & place and observing different Fruits & flowers one Rainy day in June & it did people one attending to business there while I man at-leisure!

Your letters have been my Volume & kept me excited over Mrs garden. Did the peppers plants ever grow- the last billetin said they were the same size as when you first put them out! As for the Mexican bed Ella says it looks fairly well. You tell Mother she later cut off the kept-me & wish you could see some of the garden now - & mean the great formal one - as for a real garden I should see one Bird - trolled as well as yours last year - and no dahlias that compare with the Tuck's & yours. Wee Jim Tuck should have to send the Potatoes some of our bulbs.

I know you are all busy as bees - & hope you'll all well. The big rest- day on this year calendar will be Thurs & next Sat at Earlier-Time. Love to you all

Dec.
