It Happens Every Spring

Think back, everyone. Can you remember, in the midst of the avalanche of trash mail that we all get in our mailboxes, the letter from Bentley that applied to the "change" in tuition for the coming year? Here, let me jog your memory just a little. It went something like this:

Dear Anyone:

You probably recall that last year everyone, including our Collegius Alleghenius, was "into" the inflation movement. We "did our thing" for the movement by adding \$300 to the bill in order to make things a bit tougher for everybody. If you remember correctly, we also "cut back" on financial aid, due to our own pressing inflationary problems.

Well, this year inflation is no longer "with it", so we've decided to increase your savings by \$94. Yes, folks, no increase of \$300 this year. Nope, this year you'll save by going to Allegheny, because the tuition rise will only be \$206. Besides, we're going to let you pay \$100 of that before you even come back next year. Even better, we'll even "beef up" the financial aid we "cut back" last year. And that's the way it is.

Yours truly,
The College

A few weeks later, we got a breakdown of the income from the tuition rise from the College. It all sounded very logical and maybe even necessary. But let us look ahead (with tongue-in-cheek, naturally) to next year's friendly letter and consider the possibilities.

Dear Anyone:

Surely you remember last year, how we saved you \$94. Remember? Good! Well, we hope you saved that \$94 and didn't go out and spend it like some foolish college kid. Why? I hear you asking. To be frank: you're going to need it. As you doubtlessly know by now, Phase II hasn't really been the hit we all expected and for some unknown (and certainly unexpected) reason we seem to be slipping back to that old inflationary mania (remember the hula-hoop? An apt if tired analogy). What all this means is that we badly misguessed when we cut the tuition rise last year. But can you guess what that really means?

Collegius Alleghenius really enjoyed having you here this year and hopes you won't mind the projected rise in tuition of \$792 for the approaching school year. Many small schools are even now more expensive than Allegheny. Of course we are certain that you, as intelligent college students, understand the situation and will continue your studies at the College. We promise that this necessary increase will meet our needs for the year.

Unfortunately, some of you would like to know where the new income of approximately \$1,200,000.00 will be used. So here's our projected breakdown:

Increased salaries for administration	\$270,000.00
Increased salaries for faculty	2,250.00
Increased salaries for student workers	25.00
Unemployment compensation for the above	1.50

Maintenance of Compus Center	21,000.00
Maintenance of Ruter, Alden Halls	223,000.00
Maintenance of Allegheny, Caflisch Dorms	240,000.00
Expenditures for Security Patrol (i.e. new billyclubs)	500.00
Riot Control equipment	5,250.00
Drainage of Murray Lake (rainy season only)	1,000.00
Grass seed	10,000.00
Art supplies for signs on campus	3,000.00
Paint for projected "Murry Wall" mural	1,700.00
Paint for white walls in Campus Center	3,000.00
New Library Fund	200.00
New Dormitory Dund	150.00
Construction of new Alumni Lounge	25,000.00
Funds for purchasing new doctor	175.00
Aid to Campus	210.00
Allocation to Black Studies	25.50
Public Events	20,000.00
Student Aid	7,500.00
Miscellaneous Contingencies (go ahead! guess!)	370,000.00
	<u>1,203,987.00</u>

Minus income from parking tickets and pool	3,987.00
TOTAL	\$1,200,000.00

There it is, folks. Love it or leave it.

Yours truly,
The College

A possibility at Allegheny? Of course! If you thought this year was fun . . .
