

September 25, 1923

Mrs. Ida Clyde Clarke,
106 East 19 Street,
New York City.

My dear Mrs. Clarke:

I have your letter of September 21.
I am glad you have closed your contract with the United Feature
Service. It is, I am convinced, the best policy for you.

Now, as to the featuring of those little articles
which you have drawn from my Woman books. If you think it will
be a help to your undertaking, go ahead with them on the 50/50
basis which you propose.

Let your assistant make other selections as she has
these, submitting them to me. That will give us a start. Keep
me informed about how the things is going, please, and we can
make up our minds by the time the twelve or fifteen which you
select have run out, whether it will be worth while going ahead
and giving you fresh material.

I am enclosing the copies which you sent me.

Sincerely yours,
