

Dearest Josie :-

I have an awful sus-
picion that I sent you the
book last & mark if I
did - Will look at the illu-
stration on this card:

Send it back & see if
you something else (I'd
would like "We are six"
that's about my size

I love you & you all
again - but hope I mit
be. I keep going, some
creaking in the joints
and many protestal-
tions. Grand but really

I am thankful to be able to do
what I do. It keeps me from
thinking!

Dear Jessie - I'd love to
be a visit with you & did
every thing you should have in
it. Always affectionately
L.M.T.
