Dear Miss Tarbell:-

I presume Mrs. Kells, who has succeeded Miss Ames in the Union Signal, has written you concerning your contributions.

Miss West left the office about the first of January, for several months' absence, and since then I have been attending to the letters and accounts concerning publications.

There have been four letters from you published up to date. For these, I have sent check for twenty dollars, to the order of E. J. Mathews, #2 Wall St., New York City, as per your request.

Personally I have read your letters with great interest, and hope you will be able to continue them at intervals of six weeks or two months during your absence in Europe.

Yours sincerely,

Margaret A. Sudduth.
