Miss Tarbell #2.

days and am telling him that you might not object to giving an afternoon talk on the second day to his Summer School without extra expense in case he engaged you for the two evening lectures. I am offering him the two evening lectures for \$300. with the possibility of your throwing in this afternoon talk which I trust will be all right with you and I will try to get you one or two other summer school dates down that way in the same week if you can fill them.

Dr. Johnson at Winthrop College, runs a Summer School and I remember he wanted you last year, so it may be we can hook up a date on his Summer School to go with the Greensboro engagement which would make it worth while. Greensboro is not so far from Washington however, so you could run down there from Washington or New York any way.

I am sending this letter in duplicate to you to Birmingham and New York so you will be sure to get this information and will expect to hear from you next week.

Sincerely yours,

S. R. Bridges
President.
