Miss Ida Tarbell,

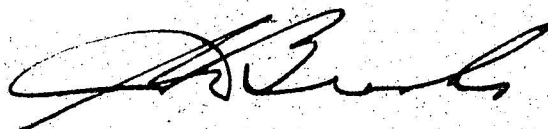

New York City.

Dear Miss Tarbell:

I have a call for your services at Montpelier, Vt., before the State Teachers Association, for October 11th. Is that date open, and will you accept it? If so, kindly wire me on receipt of this. I assume your regular terms are satisfactory as arranged with the Coit-Alber Bureau.

It is a pleasure for me to again have the privilege of booking you. I believe the first Lyceum engagements you filled were under my management at Binghamton and Albany, when I was managing the Eastern Bureau in this state. I recall a very pleasant correspondence at that time. What other subjects have you besides "Industrial Idealism?"

Yours truly,

CDB:W
