New Orleans,

Wednesday

Dear Miss Tarbell,

I am writing in bed
the doctor having sternly impressed me,
let me suggest as my best —
the bearer of this note Mr. Fleming is
my chief assistant in the grocery business
he has been with me nearly from the
beginning. I suggest that he takes
you in a taxi to 3 stores — one near
intended by girls, and then bring
you here for a little talking and
returning you the total by 12, Sharp

Sincerely yours
N. O. Nelson

Mr. F. will give
you any information
you suggest, he
knows all about it — ups & downs
