

Sayre 9/16 - 17.

went to farm by horse
yesterday - 14 - 30 miles -

Murray assistant to
President - C. North -
who sailed yesterday

for Eng. Met up -
Put my immediate

must field app - M -

employment Insurance
today - This day

to pop at price - "Murray"
in a thousand dollar

house - To put in West
and did for insurance

Friday evening 8d.
had not learned too
soon - quite

Lake to Lake Carpenter

7 -
Ruili - arch -

To get a complete Ma-
terial - cement floor
concrete - lumber -

Let us know how long
time in any one

See Sean Patrick
Catalogue.

Cost in W. Va - duplicate.
ment -

The steel house -

See it - made by

Int of building process -

one of the most important

2 building steps

even ~~at~~ well up to

red hot - metal

See from from

"hot-mill" when it

has been born -

drum like a wheel

with an inclined plane

when it is rolled

which are to flatten

it - Stand in the

"Pulper" light - all

the back - 3 inch

thin bands making

over with in perfect

Symmetry - can

work - a crew - a few

several machines

these men & what

could happen

that ~~was~~ these days

red hot-mountain.
 right leaf the leaf
 it looks as if it is
 has been it - but type
 was - to escape the
 blunder which -
 feather of gum - (see)
 it - which it -
 passer out from
 the point - it -
 the second 2 in
 to the 3d - no mani
 hand turning - along
 in the hand of 2
 it kind - under
 like this -

corner out thin plate
 - (ready to be)
 rectangular shaped for
 a corner - walls insu-
 lated - 2 1/2 in. more
 perfect - than 2 1/2 ft of
 brick - minimum proof -
 heat & cold ...
 slapping & pin proof -
 the sheet of a corner -
 do anything better it -
 for this clear plant -
 ing - wonderful corner
 which are defeating
 the ambition of
 the mass for
 cheap comfort

Measurement in
service - The
Camp Lane willis-
den - where put
the for Gov. of Ohio -
by Murray -
Policy - "What's the
Right side?" -
